ENCOURAGING NEW COMPETITORS

SEC. 202. (a) Title III of the Act is amended by inserting after section 303C the following new section:

"ENCOURAGEMENT OF NEW COMPETITION

"SEC. 303D. (a) In this section, 'qualification requirement' means a requirement for testing or other quality assurance demonstration that must be completed by an offeror before award of a contract.

41 USC 253c.

"(b) Except as provided in subsection (c), the head of the agency shall, before enforcing any qualification requirement—

"(1) prepare a written justification stating the necessity for establishing the qualification requirement and specify why the qualification requirement must be demonstrated before contract award;

"(2) specify in writing and make available to a potential offeror upon request all requirements which a prospective offeror, or its product, must satisfy in order to become qualified, such requirements to be limited to those least restrictive to meet the purposes necessitating the establishment of the qualification requirement;

"(3) specify an estimate of the costs of testing and evaluation likely to be incurred by a potential offeror in order to become qualified;

"(4) ensure that a potential offeror is provided, upon request, a prompt opportunity to demonstrate at its own expense (except as provided in subsection (d)) its ability to meet the standards specified for qualification using qualified personnel and facilities of the agency concerned or of another agency obtained through interagency agreement, or under contract, or other methods approved by the agency (including use of approved testing and evaluation services not provided under contract to the agency);

"(5) if testing and evaluation services are provided under contract to the agency for the purposes of clause (4), provide to the extent possible that such services be provided by a contractor who is not expected to benefit from an absence of additional qualified sources and who shall be required in such contract to adhere to any restriction on technical data asserted by the potential offeror seeking qualification; and

"(6) ensure that a potential offeror seeking qualification is promptly informed as to whether qualification is attained and, in the event qualification is not attained, is promptly furnished specific information why qualification was not attained.

"(c)(1) Subsection (b) of this section does not apply with respect to a qualification requirement established by statute prior to the date of enactment of this section.

98 STAT. 3070

"(2) Except as provided in paragraph (3), if it is unreasonable to specify the standards for qualification which a prospective offeror or its product must satisfy, a determination to that effect shall be submitted to the advocate for competition of the procuring activity responsible for the purchase of the item subject to the qualification requirement. After considering any comments of the advocate for competition reviewing such determination, the head of the procuring activity may waive the requirements of paragraphs (2) through (5) of subsection (b) for up to two years with respect to the item subject to the qualification requirement.

"(3) The waiver authority contained in paragraph (2) shall not apply with respect to any qualified products list.

"(4) A potential offeror may not be denied the opportunity to submit and have considered an offer for a contract solely because the potential offeror has not been identified as meeting a qualification requirement, if the potential offeror can demonstrate to the satisfaction of the contracting officer that the potential offeror or its product meets the standards established for qualification or can meet such standards before the date specified for award of the contract.

"(5) Nothing contained in this subsection requires the referral of an offer to the Small Business Administration pursuant to section 8(b)(7) of the Small Business Act if the basis for the referral is a challenge by the offeror to either the validity of the qualification requirement or the offeror's compliance with such requirement.

"(6) The head of an agency need not delay a proposed procurement in order to comply with subsection (b) or in order to provide a potential offeror with an opportunity to demonstrate its ability to meet the standards specified for qualification.

Public information.

"(d)(1) If the number of qualified sources or qualified products available to compete actively for an anticipated future requirement is fewer than two actual manufacturers or the products of two actual manufacturers, respectively, the head of the agency concerned shall—

"(A) periodically publish notice in the Commerce Business Daily soliciting additional sources or products to seek qualification, unless the contracting officer determines that such publication would compromise national security; and

"(B) bear the cost of conducting the specified testing and evaluation (excluding the costs associated with producing the item or establishing the production, quality control, or other system to be tested and evaluated) for a small business concern or a product manufactured by a small business concern which has met the standards specified for qualification and which could reasonably be expected to compete for a contract for that requirement, but such costs may be borne only if the head of the agency determines that such additional qualified sources or products are likely to result in cost savings from increased competition for future requirements sufficient to offset (within a reasonable period of time considering the duration and dollar value of anticipated future requirements) the costs incurred by the agency.

"(2) The head of an agency shall require a prospective contractor requesting the United States to bear testing and evaluation costs under paragraph (1)(B) to certify as to its status as a small business concern under section 3 of the Small Business Act. 15 USC 632

"(e) Within seven years after the establishment of a qualification requirement, the need for such qualification requirement shall be examined and the standards of such requirement revalidated in accordance with the requirements of subsection (b). The preceding sentence does not apply in the case of a qualification requirement for which a waiver is in effect under subsection (c)(2).

"(f) Except in an emergency as determined by the head of the agency, whenever the head of the agency determines not to enforce a qualification requirement for a solicitation, the agency may not thereafter enforce that qualification requirement unless the agency complies with the requirements of subsection (b).".

(b) The amendment made by subsection (a) shall apply with respect to solicitations issued more than 180 days after the date of enactment of this Act.

Effective date.
41 USC 253c note.

VALIDATION OF PROPRIETARY DATA RESTRICTIONS

SEC. 203. (a) Title III of the Act is amended by inserting after section 303D (as added by section 202 of this Act) the following new section:

"VALIDATION OF PROPRIETARY DATA RESTRICTIONS

Science and technology.
41 USC 253d

"SEC. 303E. (a) A contract for property or services entered into by an executive agency which provides for the delivery of technical data, shall provide that—

"(1) a contractor or subcontractor at any tier shall be prepared to furnish to the contracting officer a written justification for any restriction asserted by the contractor or subcontractor on the right of the United States to use such technical data; and

"(2) the contracting officer may review the validity of any restriction asserted by the contractor or by a subcontractor under the contract on the right of the United States to use technical data furnished to the United States under the contract if the contracting officer determines that reasonable grounds exist to question the current validity of the asserted restriction and that the continued adherence to the asserted restriction by the United States would make it impracticable to procure the item competitively at a later time.

"(b) If after such review the contracting officer determines that a challenge to the asserted restriction is warranted, the contracting officer shall provide written notice to the contractor or subcontractor asserting the restriction. Such notice shall state—

"(1) the grounds for challenging the asserted restriction; and

"(2) the requirement for a response within 60 days justifying the current validity of the asserted restriction.

"(c) If a contractor or subcontractor asserting a restriction subject to this section submits to the contracting officer a written request, showing the need for additional time to comply with the requirement to justify the current validity of the asserted restriction, additional time to adequately permit the submission of such justification shall be provided by the contracting officer as appropriate. If a party asserting a restriction receives notices of challenges to restrictions on technical data from more than one contracting officer, and notifies each contracting officer of the existence of more than one challenge, the contracting officer initiating the first in time challenge, after consultation with the party asserting the restriction and the other contracting officers, shall formulate a schedule of responses to each of the challenges that will afford the party asserting the restriction with an equitable opportunity to respond to each such challenge.

98 STAT. 3072

"(d)(1) Upon a failure by the contractor or subcontractor to submit any response under subsection (b), the contracting officer shall issue a decision pertaining to the validity of the asserted restriction.

"(2) If a justification is submitted in response to the notice provided pursuant to subsection (b), a contracting officer shall within 60 days of receipt of any justification submitted, issue a decision or notify the party asserting the restriction of the time within which a decision will be issued.

(B) by striking out the period at the end of paragraph (22) and inserting in lieu thereof a semicolon; and

(C) by adding at the end thereof the following new paragraphs:

(3) in section 8339—

(A) by amending subsection (j) to read as follows:

Post, p. 3199.

Regulations.
Waiver.

98 STAT. 3196

"(j)(1) The annuity computed under subsections (a)–(i) and (n) of this section (or a portion of the annuity, if jointly designated for this purpose by the employee or Member and the spouse of the employee or Member under procedures prescribed by the Office of Personnel Management) for an employee or Member who is married at the time of retiring under this subchapter is reduced as provided in paragraph (4) of this subsection in order to provide a survivor annuity for the spouse under section 8341(b) of this title, unless the employee or Member and the spouse jointly waive the spouse's right to a survivor annuity in a written election filed with the Office at the time that the employee or Member retires. Each such election shall be made in accordance with such requirements as the Office shall, by regulation, prescribe, and shall be irrevocable. The Office shall provide, by regulation, that an employee or Member may waive the survivor annuity without the spouse's consent if the employee or Member establishes to the satisfaction of the Office—

"(A) that the spouse's whereabouts cannot be determined, or

"(B) that, due to exceptional circumstances, requiring the employee or Member to seek the spouse's consent would otherwise be inappropriate.

Post, p. 3199.

"(2) If an employee or Member has a former spouse who is entitled to a survivor annuity as provided in section 8341(h) of this title, the annuity of the employee or Member computed under subsections (a)–(i) and (n) of this section (or any designated portion of the annuity, in the event that the former spouse is entitled to less than 55 percent of the employee or Member's annuity) is reduced as provided in paragraph (4) of this subsection.

"(3) An employee or Member who has a former spouse may elect, under procedures prescribed by the Office, to have the annuity computed under subsections (a)–(i) and (n) of this section or a portion thereof reduced as provided in paragraph (4) of this subsection in order to provide a survivor annuity for such former spouse under section 8341(h) of this title. An election under this paragraph shall be made at the time of retirement or, if later, within 2 years after the date on which the marriage of the former spouse to the employee or Member is dissolved, subject to a deposit in the Fund by the retired employee or Member, within such 2-year period, of an amount determined by the Office, as nearly as may be administratively feasible, to reflect the amount by which the annuity of such employee or Member would have been reduced if the election had been continuously in effect since the date the annuity commenced, plus interest. For the purposes of the preceding sentence, the annual rate of interest for each year during which the annuity would have been reduced if the election had been in effect since the date the annuity commenced shall be 6 percent. If the employee or Member does not make such a deposit, the Office shall collect the amount of the deposit by offset against the employee or Member's annuity, up to a maximum of 25 percent of the net annuity otherwise payable to the employee or Member, and the employee or Member is deemed to consent to such offset. An election under this paragraph—

"(A) shall not be effective to the extent that it—

"(i) conflicts with—

Post, p. 3199.

"(I) any court order or decree referred to in subsection (h)(1) of section 8341 of this title, which was issued before the date of such election; or

"(II) any agreement referred to in such subsection which was entered into before such date; or

Post, p. 3199.

"(ii) would cause the total of survivor annuities payable under subsections (b), (d), (f), and (h) of section 8341 of this title based on the service of the employee or Member to exceed 55 percent of the annuity to which the employee or Member is entitled under subsections (a)–(i) and (n) of this section; and

"(B) shall not be effective, in the case of an employee or Member who is then married, unless it is made with the spouse's written consent.

Regulations. Waiver.

The Office shall provide by regulation that subparagraph (B) of this paragraph may be waived for either of the reasons set forth in the last sentence of paragraph (1) of this subsection. In the case of a retired employee or Member whose annuity is being reduced in order to provide a survivor annuity for a former spouse, an election to provide or increase a survivor annuity for any other former spouse (and to continue an appropriate reduction) may be made

within the same period that, and subject to the same conditions under which, an election could be made under paragraph (5)(B) of this subsection for a current spouse (subject to the provisions of this paragraph relating to consent of a current spouse, if the retired employee or Member is then married). The opportunity to make an election under the preceding sentence is in addition to any opportunity otherwise afforded under this paragraph.

"(4) In order to provide a survivor annuity or combination of survivor annuities under subsections (b), (d), (f), and (h) of section 8341 of this title, the annuity of an employee or Member (or any designated portion or portions thereof) is reduced by 2½ percent of the first $3,600 thereof plus 10 percent of so much thereof as exceeds $3,600.

Post, p. 3199.

Termination dates.

"(5)(A) Any reduction in an annuity for the purpose of providing a survivor annuity for the current spouse of a retired employee or Member shall be terminated for each full month—

"(i) after the death of the spouse, or

"(ii) after the dissolution of the spouse's marriage to the employee or Member, except that an appropriate reduction shall be made thereafter if the spouse is entitled, as a former spouse, to a survivor annuity under section 8341(h) of this title.

Post, p. 3199.

"(B)(i) Any reduction in an annuity for the purpose of providing a survivor annuity for a former spouse of a retired employee or Member shall be terminated for each full month after the former spouse remarries before reaching age 55 or dies, unless the employee or Member elects, within 2 years after the former spouse's death or remarriage, to continue the reduction in order to provide a survivor annuity or increase the survivor annuity for the current spouse of the retired employee or Member.

"(ii) Notwithstanding clause (i) of this subparagraph—

"(I) a reduction in an annuity shall not be terminated under such clause, and

"(II) an election made under such clause with respect to a current spouse after a remarriage before age 55 or the death of a former spouse shall not be effective,

if, and to the extent that, continuation of the reduction is necessary in order to provide for any survivor annuity, or any increase in a survivor annuity, which becomes payable under section 8341(h)(2) of this title to any other former spouse as a result of such remarriage or death.

"(C)(i) Upon remarriage, a retired employee or Member who was married at the time of retirement (including an employee or Member whose annuity was not reduced to provide a survivor annuity for the employee or Member's spouse or former spouse as of the time of retirement) may irrevocably elect during such marriage, in a signed writing received by the Office within 2 years after such remarriage or, if later, within 2 years after the death or remarriage of any former spouse of such employee or Member who was entitled to a survivor annuity under section 8341(h) of this title (or of the last such surviving former spouse, if there was more than one), a reduction in the employee or Member's annuity under paragraph (4) of this subsection for the purpose of providing an annuity for such employee or Member's spouse in the event such spouse survives the employee or Member.

Effective date.

"(ii) Such election and reduction shall be effective the first day of the second month after the election is received by the Office, but not less than 9 months after the date of the remarriage, and the retired employee or Member shall, within 2 years after the date of the remarriage or, if later, the death or remarriage of the former spouse (or of the last such surviving former spouse), deposit in the Fund an amount determined by the Office of Personnel Management, as nearly as may be administratively feasible, to reflect the amount by which the annuity of such retired employee or Member would have been reduced if the election had been in effect since the date of retirement or, if later, the date the previous reduction in such retired employee or Member's annuity was terminated under subparagraph (A) or (B) of this paragraph, plus interest. For the purposes of the preceding sentence, the annual rate of interest for each year during which an annuity would have been reduced if the election had been in effect on and after the applicable date referred to in such sentence shall be 6 percent.

"(iii) If the employee or Member does not make such deposit, the Office shall collect such amount by offset against the employee or Member's annuity, up to a maximum of 25 percent of the net annuity otherwise payable to the employee or Member, and the employee or Member is deemed to consent to such offset.

"(iv) Notwithstanding any other provision of this subparagraph, an election under this subparagraph may not be made for the purpose of providing an annuity in the case of a spouse by remarriage if such spouse was married to the employee or Member at the time of such employee or Member's retirement, and all rights to survivor benefits for such spouse under this subchapter based on marriage to such employee or Member were then waived under paragraph (1) of this subsection or a similar prior provision of law.";

(B) in subsection (k)(1) by striking out "unmarried" in the first sentence thereof; and

(C) by amending subsection (k)(2) to read as follows:

"(2)(A) An employee or Member, who is unmarried at the time of retiring under a provision of law which permits election of a reduced annuity with a survivor annuity payable to such employee or Member's spouse and who later marries, may irrevocably elect, in a signed writing received in the Office within 2 years after such employee or Member marries or, if later, within 2 years after the death or remarriage of any former spouse of such employee or Member who was entitled to a survivor annuity under section 8341(h) of this title (or of the last such surviving former spouse, if there was more than one), a reduction in the retired employee or Member's current annuity as provided in subsection (j) of this section.

Effective date.

"(B)(i) The election and reduction shall take effect the first day of the first month beginning 9 months after the date of marriage and shall prospectively void any election previously made under paragraph (1) of this subsection.

"(ii) Within 2 years after the date of marriage, the retired employee or Member (other than an employee or Member who made a previous election under paragraph (1) of this subsection) shall deposit in the Fund an amount determined by the Office of Personnel Management, as nearly as may be administratively feasible, to reflect the amount by which the retired employee or Member's annuity would have been reduced under subsection (j)(4) of this section since the commencing date of the annuity, if the employee or Member had been married at the time of retirement and had elected to provide a survivor annuity at that time, plus interest. For the purposes of the preceding sentence, the annual rate of interest for each year during which the annuity would have been reduced if the election had been in effect since the date of the annuity commenced shall be 6 percent.

98 STAT. 3199

"(C) If the employee or Member does not make such deposit, the Office shall collect such amount by offset against the employee or Member's annuity, up to a maximum of 25 percent of the net annuity otherwise payable to the employee or Member, and the employee or Member is deemed to consent to such offset.";

(4) in section 8341— 5 USC 8341.

(A) in paragraphs (1)(A) and (2)(A) of subsection (a), by striking out "1 year" and inserting in lieu thereof "9 months";

(B) in subsection (b)—

(2) Except as provided in paragraph (3), if a retired employee or Member who makes an election under subparagraph (A) of paragraph (1) does not make the deposit required by such subparagraph, the Office shall collect the amount of the deposit by offset against the employee or Member's annuity, up to a maximum of 25 per centum of the net annuity otherwise payable to the employee or Member, and the employee or Member is deemed to consent to such offset.

For the purposes of the preceding sentence, the annual rate of interest for each year during which the annuity would have been reduced if the election had been in effect on and after the date the annuity commenced shall be 6 percent. If the retired employee or Member does not make such deposit, the Office shall collect such amount by offset against such employee or Member's annuity, up to a maximum of 25 percent of the net annuity otherwise payable to such employee or Member, and such employee or Member is deemed to consent to such offset. The Office shall provide for general public notice of the right to make an election under this subsection. In cases to which paragraph (2) of this subsection applies, the retired employee or Member shall provide the Office with such documentation as the Office shall decide is appropriate, that such employee or Member attempted to elect a reduced annuity with survivor benefit for such employee or Member's current spouse and that such employee or Member's election was rejected by the Office because it was untimely filed.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

Trademark Clarification Act of 1984.

TITLE I

SHORT TITLE

15 USC 1051 note.

SEC. 101. This title may be cited as the "Trademark Clarification Act of 1984".

SEC. 102. Section 14(c) of the Trademark Act of 1946, commonly known as the Lanham Trademark Act (15 U.S.C. 1064(c)) is amended by adding before the semicolon at the end of such section a period and the following: "A registered mark shall not be deemed to be the common descriptive name of goods or services solely because such mark is also used as a name of or to identify a unique product or service. The primary significance of the registered mark to the relevant public rather than purchaser motivation shall be the test for determining whether the registered mark has become the common descriptive name of goods or services in connection with which it has been used".

DEFINITIONS

SEC. 103. Section 45 of such Act (15 U.S.C. 1127) is amended as follows:

(1) Strike out "The term 'trade-mark' includes any word, name, symbol, or device or any combination thereof adopted and used by a manufacturer or merchant to identify his goods and distinguish them from those manufactured or sold by others." and insert in lieu thereof the following: "The term 'trademark' includes any word, name, symbol, or device or any combination thereof adopted and used by a manufacturer or merchant to identify and distinguish his goods, including a unique product, from those manufactured or sold by others and to indicate the source of the goods, even if that source is unknown.".

(2) Strike out "The term 'service mark' means a mark used in the sale or advertising of services to identify the services of one person and distinguish them from the services of others." and insert in lieu thereof the following: "The term 'service mark' means a mark used in the sale or advertising of services to identify and distinguish the services of one person, including a unique service, from the services of others and to indicate the source of the services, even if that source is unknown.".

98 STAT. 3336

(3) Add at the end of subparagraph (b) in the paragraph which begins "A mark shall be deemed to be 'abandoned'", the following new sentence: "Purchaser motivation shall not be a test for determining abandonment under this subparagraph.".

JUDGMENTS

SEC. 104. Nothing in this title shall be construed to provide a basis for reopening of any final judgment entered prior to the date of enactment of this title.

Feb. 17, 1984
[H.R. 2898]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

Paiute Indian Tribe of Utah.
Lands in trust.
25 USC 766 note.

SECTION 1. (a) Subject to subsection (d), all right, title, and interest of the United States in the lands described in subsection (b) (including all improvements thereon and appurtenances thereto) are declared to be held in trust by the United States for the benefit of the respective bands of the Paiute Indian Tribe of Utah, as provided in subsection (b), and are declared to be part of the reservation of the Paiute Indian Tribe of Utah.

Publication in Federal Register.

(b) The lands subject to this section are parcels 1 through 5 of the lands depicted on the maps contained in the draft document entitled "Proposed Paiute Indian Tribe of Utah Reservation Plan", dated January 24, 1982, and published by the United States Department of the Interior, Bureau of Indian Affairs. Upon enactment of this Act, the Secretary shall publish in the Federal Register the legal description of the lands so depicted. The Secretary is authorized to correct any technical errors in the descriptions of the subject lands. Such lands shall be held as follows:

(1) To be held in trust for the Kanosh Band of the Paiute Tribe of Utah: Parcel numbered 2, figure 5, page 95, containing approximately five hundred and sixty acres; parcel numbered 3, figure 6, page 99, containing approximately five hundred and two acres.

(2) To be held in trust for the Koosharem Band of the Paiute Tribe of Utah: Parcel numbered 4, figure 7, page 105, containing approximately five hundred and twenty acres; parcel numbered 5, figure 8, page 111, containing approximately seven hundred and fifteen acres.

(4) To be held in trust for the Indian Peaks Band of the Paiute Indian Tribe of Utah: That portion of parcel numbered 1, figure 4, page 85, containing approximately four hundred and twenty-four acres.

(c) Nothing in this section shall deprive any person of any existing legal right-of-way, mining claim, grazing permit, water right, or other right or interest which such person may have in the lands described in subsection (b).

25 USC 464, 465.

(d) Pursuant to the Act of June 14, 1934 (48 Stat. 985), the Secretary shall acquire, to the extent available, easements to and water rights for the lands described in subsection (b) as necessary for their use.

Consultations with local governmental entities.

(e) The Secretary shall consult with the town council of Joseph, Utah, and other appropriate local governmental entities prior to permitting the introduction of any point source of contamination pursuant to any proposed development on parcel numbered 4 as

described in subsection (b)(2). The Secretary shall require a minimum of one thousand five hundred feet distance be maintained from the town well of the town of Joseph and any such point source of contamination and may, if he determines it is necessary to prevent contamination of said well, require the installation of an appropriate waste water disposal system as part of any proposed development on parcel 4.

(f) Upon the effective date of this Act, all valid leases, permits, rights-of-way, or other land use rights or authorizations, except mining claims, existing on the date of enactment of this Act in the lands described in subsection (b), including the right to receive compensation for use of the lands, shall cease to be the responsibility of, or enure to the benefit of, the United States, and shall become the responsibility of the Paiute Indian Tribe which shall succeed to the interests of the United States and shall continue to maintain them under the same terms and conditions as they were maintained by the United States.

(g) All improvements on the lands described in subsection (b) in existence on the effective date of the Act, under the authority of the land use rights or authorizations described in subsection (c), shall remain in the same status as to ownership and right of use as existed prior to the date of enactment of this Act.

Mining claims.

(h) Nothing in this Act shall be construed as terminating any valid mining claim existing on the date of enactment of this Act on the lands described in subsection (b).

(i) The mining claims described in subsection (c) shall carry all the rights incident to mining claims, including the rights of ingress and egress over the land described in subsection (b). Such mining claims shall carry the right to occupy and use so much of the surface of the land within their boundaries as is required for all purposes reasonably necessary to mine and remove the minerals, including the removal of timber for mining purposes. Such mining claims shall terminate when they are determined invalid under subsection (j) or are abandoned.

Validity of claims.

(j) As soon as possible after enactment of this Act, the Secretary of the Interior shall determine the validity of the mining claims described in subsection (h) as of the date of enactment of this Act. Those mining claims which the Secretary determines to be valid shall be maintained thereafter in compliance with the mining laws of the United States but the holders of such claims shall not be entitled to a patent.

(k) Nothing in this Act shall prevent the Paiute Indian Tribe from negotiating the accommodation of land use rights or authorizations described in this section through any method acceptable to the parties.

(b)(1) One-half of the principal of the Fund shall be designated as the Economic Development Fund and the remaining one-half as the Tribal Government Fund. July 13, 1984
[H.R. 3825]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

Conservation. National Park System.

SECTION 1. (a) The Congress finds that—

(1) the Black Canyon of the Gunnison National Monument (hereafter in this Act referred to as the "Monument") is an integral and widely recognized part of the national park system, and possesses outstanding recreational opportunities and natural characteristics of high value which, if properly managed, contribute as an enduring resource for the benefit of the American people;

(2) the preservation of these valuable resources is significantly threatened by increased development activity and the subdivision of adjacent private lands;

(3) the Monument does not have a boundary established by legislation; and

(4) it is in the best interest of the United States to establish the boundary of the Monument so as to encompass the lands described as being within the Monument and those private lands posing the most immediate threat to the visual quality of the area.

(b) The purpose of this Act is to establish a boundary for the Monument in order to promote, perpetuate, and preserve the character of the land and to preserve scenic and historic resources.

Public availability. 16 USC 431 note.

SEC. 2. (a) The boundary of the Monument shall be as generally depicted on the map entitled "Boundary Map, Black Canyon of the Gunnison National Monument", dated February 1984, and numbered 144-80,010-B, which shall be on file and available for public inspection in the office of the Director, National Park Service, Department of the Interior and in the office of the Park Superintendent, Black Canyon of the Gunnison National Monument.

(b) Not later than six months after the date of enactment of this Act, the Secretary of the Interior (hereinafter in this Act referred to as the "Secretary") shall file a legal description of the revised boundary with the Committee on Interior and Insular Affairs of the House of Representatives and the Committee on Energy and Natural Resources of the United States Senate. Such legal description shall have the same force and effect as if included in this Act, except that corrections of clerical and typographical errors in such legal description (and in the map referred to in subsection (a)) may be made. Such legal descriptions shall be on file and available for public inspection in the office of the Director, National Park Service, Department of the Interior.

SEC. 3. (a) The Secretary is authorized to acquire lands or interests therein within the boundary of the Monument by donation, exchange, or purchase with donated or appropriated funds. The Secre-

98 STAT. 398

tary may acquire less than fee interests in such lands in cases where such interest will adequately protect the visual quality, natural, or cultural resources of the Monument: *Provided*, That the Secretary shall not acquire lands in fee interest unless the owner of such land concurs with such action.

(b) All lands under the administrative jurisdiction of the Secretary within the boundary of the Monument as of the date of enactment of this Act, shall be transferred to the administrative jurisdiction of the National Park Service to be administered as a part of the Monument.

(c) Upon request by a landowner, and if determined by the Secretary that such action would not be detrimental to the visual resources of the Monument, the Secretary shall permit as a condition of the acquisition of any less than fee interest in land under this Act—

(1) livestock grazing to continue at the levels and locations customarily exercised by the owner of such land prior to August 1, 1983, and

(2) commonly accepted operation and maintenance practices supporting livestock grazing to continue to be allowed, including the maintenance of domestic, livestock and agricultural water conveyance systems, and the construction and maintenance of required fencing and stock ponds.

(d) Subject to valid existing rights, federally owned lands and interests therein within the Monument are withdrawn from entry or appropriation under the mining laws of the United States, from the operation of the mineral leasing laws of the United States, from operation of the Geothermal Steam Act of 1970, and from disposition under the public land laws. 30 USC 1001 note.

First: Meeting Arizona's first priority right to delivery of excess energy which is equal in each year of operation to 200 million kilowatthours: *Provided, however,* That in the event excess energy in the amount of 200 million kilowatthours is not generated during any year of operation, Arizona shall accumulate a first right to delivery of excess energy subsequently generated in an amount not to exceed 600 million kilowatthours, inclusive of the current year's 200 million kilowatthours. Said first right of delivery shall accrue at a rate of 200 million kilowatthours per year for each year excess energy in the amount of 200 million kilowatthours is not generated, less amounts of excess energy delivered.	Arizona
Second: Meeting Hoover Dam contractual obligations under schedule A of section 105(a)(1)(A) and under schedule B of section 105(a)(1)(B) not exceeding 26 million kilowatthours in each year of operation.	....
Third: Meeting the energy requirements of the three States, such available excess energy to be divided equally among the States.	Arizona, Nevada, California

(2) The total obligation of the Secretary of Energy to deliver firm energy pursuant to schedule A of section 105(a)(1)(A) and schedule B of section 105(a)(1)(B) is 4,527.001 million kilowatthours in each year of operation. To the extent that the actual generation at Hoover

Powerplant in any year of operation (less deliveries thereof to Arizona required by its first priority under schedule C of section 105(a)(1)(C) whenever actual generation in any year of operation is in excess of 4,501.001 million kilowatthours) is less than 4,527.001 million kilowatthours, such deficiency shall be borne by the holders of contracts under said schedules A and B in the ratio that the sum of the quantities of firm energy to which each contractor is entitled pursuant to said schedules bears to 4,527.001 million kilowatthours. At the request of any such contractor, the Secretary of Energy will purchase energy to meet that contractor's deficiency at such contractor's expense.

(3) Subdivision E of the "General Consolidated Power Marketing Criteria or Regulations for Boulder City Area Projects" published in the Federal Register May 9, 1983 (48 Federal Register commencing at 20881), hereinafter referred to as the "Criteria" or as the "Regulations" shall be deemed to have been modified to conform to this section. The Secretary of Energy shall cause to be included in the Federal Register a notice conforming the text of said Regulations to such modifications.

Federal Register, publication.

(4) Each contract offered under subsection (a)(1) of this section shall:

(A) expire September 30, 2017;

(B) not restrict use to which the capacity and energy contracted for by the Metropolitan Water District of Southern California may be placed within the State of California: *Provided*, That to the extent practicable and consistent with sound water management and conservation practice, the Metropolitan Water District of Southern California shall use such capacity and energy to pump available Colorado River water prior to using such capacity and energy to pump California State water project water; and

(C) conform to the applicable provisions of subdivison E of the Criteria, commencing at 48 Federal Register 20881, modified as provided in this section. To the extent that said provisions of the Criteria, as so modified, are applicable to contracts entered into under this section, those provisions are hereby ratified.

(b) Nothing in the Criteria shall be construed to prejudice any rights conferred by the Boulder Canyon Project Act, as amended and supplemented, on the holder of a contract described in subsection (a) of this section not in default thereunder on September 30, 2017.

43 USC 617t.

(c)(1) The Secretary of Energy shall not execute a contract described in subsection (a)(1)(A) of this section with any entity which is a party to the action entitled the "State of Nevada, et al. against the United States of America, et al." in the United States District Court for the District of Nevada, case numbered CV LV '82 441 RDF, unless that entity agrees to file in that action a stipulation for voluntary dismissal with prejudice of its claims, or counterclaims, or crossclaims, as the case may be, and also agrees to file with the Secretary a document releasing the United States, its officers and agents, and all other parties to that action who join in that stipulation from any claims arising out of the disposition under this section of capacity and energy from the Boulder Canyon project. The Attorney General shall join on behalf of the United States, its officers and agents, in any such voluntary dismissal and shall have the authority to approve on behalf of the United States the form of each release.

(2) If after a reasonable period of time as determined by the Secretary, the Secretary is precluded from executing a contract with an entity by reason of paragraph (1) of this subsection, the Secretary shall offer the capacity and energy thus available to other entities in the same State eligible to enter into such contracts under section 5 of the Boulder Canyon Project Act.

Funding provided by non-Federal purchasers shall be advanced to the Secretary of the Interior pursuant to the terms and conditions of such contracts.

(e) Notwithstanding any other provisions of the law, funds advanced by non-Federal purchasers for use in the uprating program shall be deposited in the Colorado River Dam Fund and shall be available for the uprating program.

(f) Those amounts advanced by non-Federal purchasers shall be financially integrated as capital costs with other project costs for rate-setting purposes, and shall be returned to those purchasers advancing funds throughout the contract period through credits which include interest costs incurred by such purchasers for funds contributed to the Secretary of the Interior for the uprating program.

(g) The provisions of this section constitute an exercise by the Congress of the right reserved by it in section 5(b) of the Boulder Canyon Project Act, as amended and supplemented, to prescribe terms and conditions for the renewal of contracts for electrical energy generated at Hoover Dam. This section constitutes the exclusive method for disposing of capacity and energy from Hoover Dam for the period beginning June 1, 1987, and ending September 30, 2017.

98th Congress

98 STAT. 1456

An Act

To establish the Illinois and Michigan Canal National Heritage Corridor in the State of Illinois, and for other purposes.

Aug. 24, 1984
[S. 746]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

TITLE I

Illinois and Michigan Canal National Heritage Corridor Act of 1984. Conservation. Historic preservation. 16 USC 461 note.

SHORT TITLE

SEC. 101. This title may be cited as the "Illinois and Michigan Canal National Heritage Corridor Act of 1984".

FINDINGS; PURPOSE

16 USC 461 note.

SEC. 102. (a) FINDINGS.—The Congress makes the following findings:

(1) An abundance of sites and structures within the corridor defined by the Illinois and Michigan Canal from Chicago, Illinois, to LaSalle-Peru, Illinois, symbolize in physical form the cultural evolution from prehistoric aboriginal tribes living in naturally formed ecosystems through European exploration, nineteenth century settlement, commerce, and industry right up to present-day social patterns and industrial technology.

(2) The corridor has become one of the most heavily industrialized regions of the Nation and has potential for further economic expansion and modernization. The area in which the corridor is located is currently experiencing high rates of unemployment and industrial migration. Establishment of the corridor as provided in this Act may provide the stimulus required to retain existing industry and to provide further industrial growth and commercial revitalization.

(3) Despite efforts by the State, political subdivisions of the State, volunteer associations, and private business, the cultural, historical, natural, and recreational resources of the corridor have not realized full potential social value and may be lost without assistance from the Federal Government.

(b) PURPOSE.—It is the purpose of this title to retain, enhance, and interpret, for the benefit and inspiration of present and future generations, the cultural, historical, natural, recreational, and economic resources of the corridor, where feasible, consistent with industrial and economic growth.

(C) Where a State does not have a public college or university eligible under section 10, the Committee on Mining and Mineral Resources Research established in section 9 (hereafter in this Act referred to as the "Committee") may allocate the State's allotment to one private college or university which it determines to be eligible under such section.

(b) It shall be the duty of each institute to plan and conduct, or arrange for a component or components of the college or university with which it is affiliated to conduct research, investigations, demonstrations, and experiments of either, or both, a basic or practical nature in relation to mining and mineral resources, and to provide for the training of mineral engineers and scientists through such research, investigations, demonstrations, and experiments. The subject of such research, investigation, demonstration, experiment, and training may include exploration; extraction; processing; development; production of mineral resources; mining and mineral technology; supply and demand for minerals; conservation and best use of available supplies of minerals; the economic, legal, social, engineering, recreational, biological, geographic, ecological, and other aspects of mining, mineral resources, and mineral reclamation. Such research, investigation, demonstration, experiment, and training shall consider the interrelationship with the natural environment, the varying conditions and needs of the respective States, and mining and mineral resources research projects being conducted by agencies of the Federal and State governments and other institutes.

(c) The Committee shall review all such funding applications and recommend to the Secretary the use of the institutes, insofar as practicable, to perform special research. Recommendations shall be made without regard to the race, religion, or sex of the personnel who will conduct and direct the research, and on the basis of the facilities available in relation to the particular needs of the research project; special geographic, geologic, or climatic conditions within the immediate vicinity of the institute; any other special requirements of the research project; and the extent to which such project will provide an opportunity for training individuals as mineral engineers and scientists. The Committee shall recommend to the Secretary the designation and utilization of such portions of the funds authorized to be appropriated by this section as it deems appropriate for the purpose of providing scholarships, graduate fellowships, and postdoctoral fellowships.

Lands designated as potential wilderness additions shall be managed by the Secretary insofar as practicable as wilderness until such time as said lands are designated as wilderness.

ADMINISTRATION

16 USC 1131 note.

SEC. 109. The areas designated by section 106 of this title as wilderness shall be administered by the Secretary of the Interior in accordance with the applicable provisions of the Wilderness Act governing areas designated by that title as wilderness, except that any reference in such provisions to the effective date of the Wilderness Act shall be deemed to be a reference to the effective date of this title, and where appropriate, any reference to the Secretary of Agriculture shall be deemed to be a reference to the Secretary of the Interior.

SEC. 110. 98 STAT. 1628

WILDERNESS REVIEW CONCERNS

Conservation.

SEC. 111. (a) The Congress finds that—

(1) the Department of Agriculture has completed the second roadless area review and evaluation program (RARE II); and

(2) the Congress had made its own review and examination of national forest roadless areas in California and the environmental impacts associated with alternative allocations of such areas.

(b) On the basis of such review, the Congress hereby determines and directs that—

(1) without passing on the question of the legal and factual sufficiency of the RARE II final environmental statement (dated January 1979) with respect to national forest lands in States other than California, such statement shall not be subject to judicial review with respect to National Forest System lands in the State of California;

(2) upon enactment of this title, the injunction issued by the United States District Court for the Eastern District of California in the State of California versus Bergland (483 F. Supp. 465 (1980)) shall no longer be in force;

(3) with respect to the National Forest System lands in the State of California which were reviewed by the Department of Agriculture in the second roadless area review and evaluation (RARE II), and those lands referred to in subsection (d), except those lands remaining in further planning as referred to in subsection (e), or designated as planning areas upon enactment of this title, that review and evaluation shall be deemed for the purposes of the initial land management plans required for such lands by the Forest and Rangeland Renewable Resources Planning Act of 1974, as amended by the National Forest Management Act of 1976, to be an adequate consideration of the suitability of such lands for inclusion in the National Wilderness Preservation System and the Department of Agriculture shall not be required to review the wilderness option prior to the revisions of the plans but shall review the wilderness option when the plans are revised, which revisions will ordinarily occur on a ten-year cycle, or at least every fifteen years, unless prior to such time the Secretary of Agriculture finds that conditions in a unit have significantly changed; 16 USC 1600 note.

(4) areas in the State of California reviewed in such final environmental statement or referenced in subsection (d) and not designated as wilderness or planning areas by this title or remaining in further planning as referenced in subsection (e) upon enactment of this title shall be managed for multiple use in accordance with land management plans pursuant to section 6 of the Forest and Rangeland Renewable Resources Planning Act of 1974, as amended by the National Forest Management Act of 1976: *Provided*, That such areas need not be managed for the purpose of protecting their suitability for wilderness designation prior to or during revision of the land management plans; 16 USC 1604.

(5) in the event that revised land management plans in the State of California are implemented pursuant to section 6 of the Forest and Rangeland Renewable Resources Planning Act of 1974, as amended by the National Forest Management Act of 1976, and other applicable law, areas not recommended for wilderness designation need not be managed for the purpose of protecting their suitability for wilderness designation prior to or during revision of such plans, and areas recommended for wilderness designation shall be managed for the purpose of protecting their suitability for wilderness designation as may be required by the Forest and Rangeland Renewable Resources Planning Act of 1974, as amended by the National Forest Management Act of 1976, and other applicable law; and 16 USC 1604.

(6) unless expressly authorized by Congress, the Department of Agriculture shall not conduct any further statewide roadless area review and evaluation of National Forest System lands in the State of California for the purpose of determining their suitability for inclusion in the National Wilderness Preservation System. 16 USC 1600 note.

(c) As used in this section, and as provided in section 6 of the Forest and Rangeland Renewable Resources Planning Act of 1974, as amended by the National Forest Management Act of 1976, the term "revision" shall not include an "amendment" to a plan.

(d) The provisions of this section shall also apply to—

(1) those National Forest System roadless lands in the State of California: in the Plumas and Tahoe National Forests which were evaluated in the Mohawk Unit Plan; in the Six Rivers National Forest which were evaluated in the Blue Creek Unit Plan not designated as Wilderness by this title and the Fox Unit Plan; in the Klamath National Forest which were evaluated in the King Unit Plan; in the Angeles National Forest which were evaluated in the San Gabriel Unit Plan; in the Modoc and Shasta-Trinity and Klamath National Forests in the Medicine Lake Unit Plan; in the Cleveland National Forest which were evaluated in the Palomar Mountain Unit Plan and Trabuco Unit Plan; in the Los Padres National Forest which were evaluated in the Big Sur Unit Plan; in the Tahoe National Forest which were evaluated in the Truckee-Little Truckee Unit Plan; and those portions of the Carson-Iceberg roadless area not designated as wilderness or planning areas or remaining in further planning as referenced in subsection (e);

(2) National Forest System roadless lands in the State of California which are less than five thousand acres in size; and

(3) National Forest System roadless areas or portions thereof in the State of California as identified in Executive Document Numbered 1504 Ninety-sixth Congress (House Document Numbered 96-119) and identified by name and number at the end of this subparagraph, which are not designated as wilderness by this title:

(2) lands or interests therein within the boundary of the Scenic Area which are not owned by the State of California or any political subdivision thereof (including the city of Los Angeles) may be acquired only with the consent of the owner thereof unless the Secretary determines, after written notice to the owner and after opportunity for comment, that the property is being developed, or proposed to be developed, in a manner which is detrimental to the integrity of the Scenic Area or which is otherwise incompatible with the purposes of this title.

Guidelines, publication.

(b)(1) Not later than six months after the date of enactment of this title, the Secretary shall publish specific guidelines under which determinations shall be made under paragraph (2) of subsection (a). No use which existed prior to June 1, 1984, within the area included in the Scenic Area shall be treated under such guidelines as a detrimental or incompatible use within the meaning of such paragraph (2).

(f) The Secretary is authorized to construct a visitor center in the Scenic Area for the purpose of providing information through appropriate displays, printed material, and other interpretive programs, about the natural and cultural resources of the Scenic Area.

30 USC 1001 note.

(g)(1) Subject to valid existing rights, federally owned lands and interests therein within the Scenic Area are withdrawn from entry or appropriation under the mining laws of the United States, from the operation of the mineral leasing laws of the United States, from operation of the Geothermal Steam Act of 1970, and from disposition under the public land laws.

(2) Subject to valid existing rights, all mining claims located within the Scenic Area shall be subject to such reasonable regulations as the Secretary may prescribe to assure that mining will, to the maximum extent practicable, be consistent with protection of the scenic, scientific, cultural, and other resources of the area, and any patent which may be issued after the date of enactment of this title shall convey title only to the minerals together with the right to use the surface of lands for mining purposes subject to such reasonable regulations.

(h) Nothing in this title shall be construed to reserve any water for purposes of the Scenic Area or to affirm, deny, or otherwise affect the present (or prospective) water rights of any person or of the State of California or of any political subdivision thereof (including the city of Los Angeles), nor shall any provision of this title be construed to cause, authorize, or allow any interference with or infringement of such water rights so long as, and to the extent that, those rights remain valid and enforceable under the laws of the State of California.

Repeal.

(i)(1) The Act entitled "An Act authorizing and directing the Secretary of the Interior to sell to the city of Los Angeles, California, certain public lands in California; and granting rights-of-way over public lands and reserved lands to the city of Los Angeles in Mono County in the State of California", approved June 23, 1936 (49 Stat. 1892), is hereby repealed.

(2) The Secretary and the Secretary of the Interior shall grant and convey rights-of-way easements, at no cost, to the city of Los Angeles for those rights-of-way on public lands and national forest lands in Mono County, California, as described and set forth in maps and accompanying descriptions which were—

(A) filed by the city of Los Angeles with the Secretary of the Interior on October 24, 1944, and

(B) accepted as proof of construction on behalf of the United States by the Commissioner of the General Land Office on January 4, 1945.

Such easement conveyances shall provide for the right of the city to continue its present operations and to maintain, reconstruct, and replace all existing water and power facilities located within the bounds of the area described in the maps and descriptions referred to in the preceding sentence. The United States shall reserve in the conveyance easements all rights to use and permit the use by others of the lands so conveyed to the extent that such use does not unreasonably interfere with the rights granted herein to the city of Los Angeles.

(3) The grant in paragraph (2) of this subsection shall become effective upon relinquishment in writing by the city of Los Angeles of its applications dated October 20, 1944, and January 17, 1945, to purchase twenty-three thousand eight hundred and fifty acres of Federal land.

(4) The easements granted under paragraph (2) of this subsection shall provide that whenever the city of Los Angeles ceases to use the land or any part thereof subject to such easements for the purposes for which it is currently being used, as of the date of enactment of this title, all interests in such land or part thereof shall revert to the United States.

(j) Existing community recreational uses, as of the date of enactment of this title, shall be permitted at the levels and locations customarily exercised.

The study shall provide for consultation with knowledgeable local, State, Federal, and private persons and organizations and shall provide findings and recommendations to the Congress. Such study shall be conducted in accordance with the best scientific methodology (as set forth by the National Academy of Sciences) and shall be transmitted by the National Academy of Sciences to the Committee on Energy and Natural Resources of the United States Senate, to the Committee on Interior and Insular Affairs of the United States House of Representatives, and to the Chief of the Forest Service not later than January 1, 1987. Progress reports regarding the study shall be transmitted to the above committees on January 1, 1985, and January 1 of each year thereafter.

Entitled the "Shoalwater Bay Indian Tribe—Dexter-by-the-Sea Claim Settlement Act".

Shoalwater Bay Indian Tribe—Dexter-by-the-Sea Claim Settlement Act.
Tokeland, Wash.
Private lands.
Patent.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the "Shoalwater Bay Indian Tribe—Dexter-by-the-Sea Claim Settlement Act".

CONGRESSIONAL FINDINGS

SEC. 2. The Congress finds that—

(1) there is pending before the United States District Court for the Western District of Washington at Tacoma a civil action numbered C83-167T entitled the "Shoalwater Bay Indian Tribe, a federally recognized Indian tribe against Joe Amador and Jean Amador, et al.", which involves claims to certain privately held lands within the Shoalwater Bay Indian Reservation in Tokeland, Washington, known as Dexter-by-the-Sea and First Addition Dexter-by-the-Sea;

(2) the owners of such lands derive their title from a patent issued by the United States Government to George N. Brown on August 1, 1872, certificate numbered 3763;

(3) the Shoalwater Bay Indian Reservation was established by Executive order of President Andrew Johnson on September 22, 1866, and is alleged to include the lands claimed by the Shoalwater Bay Indian Tribe in such civil action;

(4) in its patent to George N. Brown in 1872, the United States failed to exempt the lands claimed by the Shoalwater Bay Indian Tribe in such civil action from the Shoalwater Bay Indian Reservation established in 1866;

(5) since 1872, such lands have been the subject of disputes claiming dual chains of title in the United States as trustee for the Shoalwater Bay Indian Tribe and the patentee, George N. Brown and his successors in title, the defendants in the civil action;

(6) the pendency of the civil action has placed a cloud on the titles held by residents of Dexter-by-the-Sea and First Addition Dexter-by-the-Sea rendering their property essentially unmarketable; and

(7) a legislative resolution of such civil action is appropriate because the United States Government is responsible for the failure to except the land now known as Dexter-by-the-Sea and First Addition Dexter-by-the-Sea from the patent to George N. Brown in 1872.

SEC. 3. Upon receipt of the funds to be paid from the Treasury of the United States under section 4 of this Act:

(a) All rights, title, and interests of the Shoalwater Bay Indian Tribe, in, and claims to, the lands which are located within the State of Washington in the westerly portion of Government lot

98 STAT. 1672

1 in section 11, township 14N, range 11W, W.N., that are the subject of the civil action referred to in section 2(1) of this Act and are known as Dexter-by-the-Sea Subdivision and First Addition to Dexter-by-the-Sea Subdivision, shall be extinguished.

(b) The lands described in subsection (a) shall not be considered to be within the exterior boundaries of the Shoalwater Bay Indian Reservation. Except to the extent provided in the preceding sentence, the exterior boundaries of such reservation shall not be affected by the provisions of this Act.

(c) The validity of the patent issued by the United States on August 1, 1872, to George N. Brown, certificate numbered 3763, shall be ratified.

SEC. 4. (a)(1) If the requirements of subsection (b) of this section are met, the Secretary of the Treasury is authorized and directed in fiscal year 1985 to pay, out of funds in the Treasury of the United States not otherwise appropriated, $1,115,000 directly to the Shoalwater Bay Indian Tribe.

(2) The funds described in paragraph (1) shall be paid by the Secretary of the Treasury in full settlement of all claims of the Shoalwater Bay Indian Tribe, and of any other party to such civil action described in section 2(1), which arise by reason of the issuance of the patent described in section 3(c).

(b) The requirements of this subsection are met if—

(1) the governing body of the Shoalwater Bay Indian Tribe adopts a resolution which—

(A) authorizes the execution by an officer or official of such tribe of documents as the Secretary of the Interior determines to be necessary to settle the claims described in subsection (a)(2),

(B) waives all rights and claims of such tribe against the United States, and against any other person, which arise by reason of the issuance of the patent described in section 3(c), and

(C) is approved by the Secretary of the Interior, and

(2) a final order is entered in the civil action described in section 2(1) which dismisses with prejudice all claims, cross-claims, counterclaims, third-party claims, and all other claims arising out of such civil action.

Prohibition.

(c) None of the funds paid to the Shoalwater Bay Indian Tribe under subsection (a)(1) shall be used to make any per capita distribution to members of such tribe.

SEC. 5. (a) The Shoalwater Bay Indian Tribe is authorized to utilize the funds paid to the tribe under provisions of this Act for any purpose authorized by ordinance or resolution of the tribe, including investment for economic development purposes.

Audit.
Public availability.

(b) The tribe shall maintain a segregated accounting system for all principal and income from such funds and shall cause an annual audit to be conducted by an independent certified public accountant. The results of such audit shall be made available for inspection by any enrolled member of the tribe and shall be made available to the Secretary of the Interior.

Funds.

(c) Except as otherwise provided in this section, funds held and administered by the Shoalwater Bay Indian Tribe which are the subject of this Act, and income derived therefrom, shall be treated in the same fashion as if held in trust by the Secretary of the Interior: *Provided*, That nothing in this Act shall be construed as requiring that the Secretary of the Interior give any prior approval to investment or expenditure of these funds.

98 STAT. 1673

Funds.

(d) Upon payment of the funds to the Shoalwater Bay Indian Tribe, the Secretary of the Interior shall have no trust responsibility for the investment, supervision, administration, or expenditure of such funds.

Taxes.

(e) None of the funds or income therefrom distributed under this Act shall be subject to Federal or State income taxes or be considered as income or resources in determining eligibility for or the amount of assistance under the Social Security Act or any other federally assisted program. 42 USC 1305.

Public Law 98-478
98th Congress

An Act

Oct. 16, 1984
[H.R. 2838]

Entitled the "Federal Timber Contract Payment Modification Act".

Federal Timber Contract Payment Modification Act.
16 USC 618 note.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the "Federal Timber Contract Payment Modification Act".

Forests and forest products.
16 USC 618.

Sec. 2. (a)(1) Notwithstanding any other provisions of law, in order to retain jobs, to preserve free competition, to utilize the potential productive capacity of plants, to preserve small communities dependent on a single economic sector to assure an open and competitive market for future sales of Government timber, and to lessen the impact of unemployment, the Secretary of Agriculture for national forest lands and the Secretary of the Interior for public lands under their respective jurisdictions are authorized and directed to permit a requesting purchaser to return to the Government a volume of the purchaser's timber contracts as determined under paragraph (2) upon payment of a buy-out charge from such purchaser in an amount as determined under paragraph (3). The purchaser shall be released from further obligation to cut, remove, and pay for timber under such contract upon payment, or arrangement for payment as provided under paragraph (3)(E), of such buy-out charge and completion of any obligation required pursuant to subsection (4)(B). The Government does not hereby surrender any other claim against a purchaser which arose under a contract prior to effectuation of this release and not in connection with this release from obligation to cut, harvest and pay for timber.

Buy-out.

(2)(A) To qualify for buy-out under this section, a timber sales contract must have been bid prior to January 1, 1982, for an original contract period of 10 years or less, and be held as of June 1, 1984: *Provided*, That any such contract that was defaulted after January 1, 1981 may qualify for buy-out under this section so long as (i) settlement for damages has not been reached between the purchaser and the United States; and (ii) the purchaser's loss on all of its qualifying timber sales contracts, as determined in section 2(a)(3)(A) of this Act, is in excess of 50 per centum of the net book worth of the purchaser. A contract is qualified for buy-out notwithstanding the fact that it was reformed after October 1, 1983, pursuant to Bureau of Land Management Instructional Memorandum 83-743 or is included in a Forest Service multisale plan pursuant to the President's program of July 28, 1983.

Sawtimber.

(B) A purchaser holding more than twenty-seven million three hundred thousand board feet of net merchantable sawtimber as of January 1, 1982, in qualifying contracts as provided in (A) shall be entitled to buy out up to 55 per centum of such timber volume up to a maximum of two hundred million board feet.

(C) A purchaser holding twenty-seven million three hundred thousand or less board feet of net merchantable sawtimber as of January 1, 1982, in qualifying contracts as provided in (A) shall be entitled to buy out up to fifteen million board feet of such timber volume or one contract, whichever is greater in volume.

98 STAT. 2214

(D) So long as the volume limitation of two hundred million board feet is not exceeded, the percentage limitation of paragraph (B) or the volume limitation of paragraph (C) may be exceeded by a volume amount not to exceed the volume of the smallest volume contract bought out by the purchaser if the purchaser could not otherwise attain his percentage or volume entitlement.

Resale by U.S.

(E) Timber returned to the Government pursuant to this subsection shall be available for resale by the Government upon payment, or arrangement for payment, of the buy-out charge and completion of obligations, if any, under paragraph 4(B).

Buy-out costs.

(3)(A) Sums collected by the appropriate Secretary in connection with the buy-out of contracts pursuant to this subsection shall be deposited in and paid from the Treasury in the same manner as moneys received from timber sales from such lands and shall be determined as follows: The purchaser's loss on any qualifying timber sales contracts shall be determined by the Forest Service or the Bureau of Land Management by subtracting the current delivered log value (as determined by such agency) from the delivered log cost based on the current contract return (as determined by such agency) of any such contracts. If such loss is—

(i) in excess of 100 per centum of the net book worth of the purchaser, the buy-out cost shall be $10 per one thousand board feet of currently held volume bought out;

(ii) in excess of 50 per centum up to 100 per centum of the net book worth of the purchaser, the buy-out cost shall be 10 per centum of the contract overbid but at least $10 per one thousand board feet of currently held volume bought out; or

(iii) up to 50 per centum or less of the net book worth of the purchaser, the buy-out cost shall be 15 per centum for the purchaser's first one hundred twenty-five million board feet, 20 per centum for additional board feet above one hundred twenty-five million up to one hundred fifty million, 25 per centum for additional board feet above one hundred fifty million up to one hundred seventy-five million, and 30 per centum for additional board feet above one hundred seventy-five million up to two hundred million, of the contract overbid but at least $10 per one thousand board feet of currently held volume bought out.

(B) For purposes of this paragraph, the term "net book worth" does not include the value of any outstanding uncut Federal timber sales contracts.

(C) Net book worth shall be, subject to agency verification, as determined by an independent certified public accountant in accordance with generally accepted accounting standards for the timber industry.

(D) A purchaser may elect to pay the buy-out cost imposed by paragraph (iii) in lieu of utilizing loss and net book worth determinations.

Loans.

(E) Where a purchaser is not able to obtain sufficient credit elsewhere to finance the buy-out charge at reasonable rates and terms, purchaser may, upon payment of 5 per centum of the buy-out charge, pay the remainder of the buy-out charge in equal quarterly payments over a period not to exceed 5 years at an interest rate adjusted with each payment equal to the average market yield of outstanding Treasury obligations with remaining years to maturity of five years payment must be secured by bond, deposited securities or other forms of security acceptable to the appropriate Secretary in an amount sufficient to cover the entire buy-out payment.

98 STAT. 2215

(F) For purposes of this paragraph, the term "contract overbid" is the difference between the advertised contract rate and the rate the purchaser bid.

(4)(A) Contracts returned pursuant to this subsection under which no harvest has begun shall be returned in full.

(B) Contracts returned to the appropriate Secretary pursuant to this subsection under which harvest has begun, shall be returned conditionally and shall not be considered as part of the outstanding volume of timber under contract for the purposes of this Act. The return shall become final after the purchaser has completed stages of contractual obligations for the units on which the harvest has begun, including work on roads, to logical stopping points as determined by the Secretary after consultation with the purchaser. All remaining unharvested units must be returned.

(C) The appropriate Secretary may reject return of a contract on which harvest has begun if he determines, in his discretion, that the remaining unharvested portion is substantially unrepresentative of the original sale as a whole in terms of species, logging methods, or other appropriate criteria, and that accepting the return of such contract would seriously disadvantage the Government.

(5)(A) Timber from returned or defaulted contracts shall be offered for resale in an orderly fashion as part of, and not in addition to, the normal congressionally authorized timber sales program, and in a manner which does not disrupt regional markets or artificially depress domestic timber prices. Timber from returned or defaulted contracts shall be given preference for resale in the Forest Service timber sales programs.

Forest Service region 6.

(B) Timber sales in Forest Service region 6 shall not exceed four billion three hundred million board feet of net merchantable sawtimber in fiscal year 1984.

(C) Beginning in fiscal year 1985 and continuing through fiscal year 1991 or the fiscal year in which timber contract extensions in region 6 granted under the President's program of July 28, 1983 (as constituted at the date of enactment of this Act), are completed, whichever is later, the Secretary of Agriculture shall set, and periodically adjust as necessary, the maximum annual timber sale volume in region 6. Such maximum sale volume shall be set so as to achieve a volume of region 6 net merchantable sawtimber under contract at the end of each fiscal year which does not exceed twelve billion three hundred million board feet: *Provided, however,* That such maximum annual sale volume shall not exceed five billion two hundred million board feet of net merchantable sawtimber. The sale of timber within region 6 shall be made in such a manner as not to result in discriminatory treatment as between different forests in the region.

Regulations.
Federal Register, publication.

(6)(A) The Secretary of the Interior and the Secretary of Agriculture shall publish final rules for the implementation of this subsection in the Federal Register within ninety days after the date of enactment of this Act.

(B) Such final rules shall require purchasers to submit buy-out requests to the appropriate Secretary within ninety days after the publication of such rules.

(7)(A) For purposes only of determining a purchaser's buy-out limitation under subsection (2) and net worth in connection with buy-out cost under subsection (3), concerns which are affiliates as defined under paragraph (B) of this subsection shall be treated as a single entity.

98 STAT. 2216

(B) Definition of affiliates: Concerns are affiliates of each other when either directly or indirectly, one concern controls or has the power to control the other, or a third party or parties controls or has the power to control both. In determining whether or not affiliation exists, consideration shall be given to all appropriate factors, including, but not limited to, common ownership, common management, and contractual relationships.

(C) Definition of purchaser: For the purposes of this Act, a purchaser is the holder of a contract to purchase timber from the Secretary of Agriculture or the Secretary of the Interior.

(b)(1) Timber contracts bid prior to January 1, 1982, not bought out pursuant to subsection (a) and included in the President's program of July 28, 1983, shall not be subject to any further extension of time for performance except as permitted under the President's program of July 28, 1983, as implemented by the Secretary of Agriculture and the Secretary of the Interior, providing for the extension of certain timber sale contracts and requiring the phased harvesting of such extended contracts, which program is hereby ratified except as modified by paragraph (2).

(2) Notwithstanding any other provision of law, timber contracts extended pursuant to the President's program of July 28, 1983, as implemented by the Secretary of Agriculture shall not be subject to inclusion of additional provisions for calculating damages for default.

Report.

(c) The Secretary of Agriculture and the Secretary of the Interior shall monitor bidding patterns on timber sale contracts and take action to discourage bidding at such a rate as would indicate that the bidder, if awarded the contract, would be unable to perform the obligations as required, or that the bid is otherwise for the purpose of speculation. Each Secretary shall include in the annual report to Congress information concerning actions taken under this paragraph.

Effective date.

(d) Effective January 1, 1985, in any contract for the sale of timber from the National Forests, the Secretary of Agriculture shall require a cash down-payment at the time the contract is executed and periodic payments to be made over the remaining period of the contract.

National Forest System.
Boy Scouts of America.
16 USC 539f.

SEC. 3. (a) Notwithstanding any other provision of law, the Secretary of Agriculture is directed to waive annually without charge all or a portion of payment or rental fees required under terms of a permit for use of certain lands of the National Forest System as organization camps by local units of the Boy Scouts of America or such other nonprofit organization when such local units of the Boy Scouts of America or such nonprofit organization are willing to perform services, as the Secretary prescribes and determines will yield a valuable benefit to the public and to the program of the Secretary of such lands. If the Secretary determines that a local unit of the Boy Scouts of America or such other nonprofit organization has not fully performed such services, such organization shall not be entitled in the subsequent year to waiver under the provisions of this section.

26 USC 501.

98 STAT. 2217

(b) The term "other nonprofit organization" shall mean (1) a nonprofit organization holding an exemption under section 501(c) of the Internal Revenue Code, as amended; and (2) a nonprofit association or nonprofit corporation, which is not controlled or owned by profitmaking corporations or business enterprises, and which is engaged in public or semipublic activity to further public health, safety, or welfare.

Alaska.
16 USC 619.

SEC. 4. (a) Emergency stumpage rate redetermination shall be made upon the written application of the purchaser of National Forest timber in Alaska, bid after January 1, 1974, and rates established as a result thereof shall be effective for timber scaled during a period between January 1, 1981, and five years from the effective date of this legislation.

(b) In making the emergency rate redeterminations the Secretary may modify existing contract terms, including the amount of the bid premium, in order to provide rates which will permit the holders of contracts bid after January 1, 1974, to be competitive with other purchasers of National Forest timber.

(c) The provisions of this section shall not apply to contracts held by the holders of 50-year timber sale contracts in Alaska.

98 STAT. 2698

An Act

Relating to the water rights of the Ak-Chin Indian Community.

Oct. 19, 1984
[H.R. 6206]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. The Congress hereby finds and declares that—

(1) the Department of the Interior and the Ak-Chin Indian Community executed on September 23, 1983, an agreement entitled "Agreement in Principle for Revised Ak-Chin Water Settlement", wherein the parties agreed to revisions of the Act of July 28, 1978 (Public Law 95-328; 92 Stat. 409);

(2) the main purpose of the Agreement in Principle is to accomplish a prompt and economical fulfillment of the intent of that Act;

92 Stat. 411.

(3) section 3 of that Act requires that the Secretary of the Interior (hereinafter referred to as the "Secretary") as soon as possible but not later than twenty-five years after the date of the enactment of that Act, deliver to the Ak-Chin Indian Reservation a permanent supply of water to fulfill the Ak-Chin Indian Community's entitlement to eighty-five thousand acre-feet of water;

92 Stat. 409.

(4) section 2 of that Act requires that the Secretary deliver an interim supply of water until the permanent supply is acquired and delivered to the Reservation;

(5) the Secretary proposed to the Community, subject to the approval of Congress, to deliver the permanent supply not later than January 1, 1988, except that the Community, as a consideration, agree to certain modifications in the quantities of water to be delivered as the permanent supply and to release him from his obligation to deliver an interim supply;

(6) in order to establish January 1, 1988, as the date certain for the delivery of a permanent supply, the Community agreed to—

(A) the reduced deliveries of the permanent supply under certain conditions;

(B) the Secretary's proposals regarding the interim supply; and

(C) certain other proposals of the Secretary;

and executed the Agreement in Principle; and

(7) the provisions contained in this Act conform to the purposes of that Agreement and the consideration embodied in it.

Central Arizona Project.

SEC. 2. (a) As soon as possible but not later than January 1, 1988, the Secretary shall deliver annually a permanent water supply from the main project works of the Central Arizona Project to the southeast corner of the Ak-Chin Indian Reservation of not less than seventy-five thousand acre-feet of surface water suitable for agricultural use except as otherwise provided under subsections (b) and (c).

(b) In any year in which sufficient surface water is available, the Secretary shall deliver such additional quantity of water as is requested by the Community not to exceed ten thousand acre-feet. The Secretary shall be required to carry out the obligation referred to in this subsection only if he determines that there is sufficient capacity available in the main project works of the Central Arizona Project to deliver such additional quantity.

98 STAT. 2699

(c) In time of shortage, if the aggregate supply of water referred to in subsection (f) is not sufficient to deliver seventy-five thousand acre-feet, the Secretary may deliver a lesser quantity but in no event less than seventy-two thousand acre-feet. For the purposes of this Act, the term "time of shortage" means a calendar year for which the Secretary determines that a shortage exists pursuant to section 301(b) of the Colorado River Basin Project Act of September 30, 1968 (Public Law 90-537), such that there is not sufficient Central Arizona Project water in that year to supply up to a limit of three hundred nine thousand eight hundred and twenty-eight acre-feet of water for Indian uses, and up to a limit of five hundred ten thousand acre-feet of water for non-Indian municipal and industrial uses.

43 USC 1501.

(d) The Secretary shall be deemed to have satisfied his obligation to deliver water under this section only if such water is delivered at flow rates which meet the seasonal requirements for agricultural use on the Reservation. Such rates shall not exceed three hundred cubic feet per second.

(e) To meet the obligations of the Secretary to deliver water under this Act, the Secretary shall design, construct, operate, maintain, and replace, at no cost to the Community, such facilities, including any aqueduct and appurtenant pumping facilities, powerplants and electric power transmission facilities, which may be necessary.

(f) The water supply referred to in subsections (a) and (c) shall consist of the aggregate of the following—

(1) First, a permanent supply of no more or less than fifty thousand acre-feet of surface water per annum to be diverted from the Colorado River of the three hundred thousand acre-feet of water heretofore authorized by the Act of July 30, 1947 (61 Stat. 628), for beneficial consumptive use on lands of the Yuma Mesa Division of the Gila Project. Water referred to in this paragraph and in subsection (g)(1) shall have equal priority. Furthermore, these provisions shall not affect the relative priorities among themselves of water users in Arizona, Nevada, and California which are senior to diversions for the Central Arizona Project as fully set out in section 301(b) of Public Law 90-537.

43 USC 1501.

(2) Such Central Arizona Project water allocated to the Community and referred to in the "Notice of Final Water Allocations to Indians and non-Indian Water Users and Related Decisions" (48 Fed. Reg. 12446, March 24, 1983) as is necessary to fulfill the Secretary's water delivery obligations. Delivery of such Central Arizona Project water shall be as provided in the December 11, 1980, Central Arizona Project water delivery contract between the United States and the Ak-Chin Indian Community, except as otherwise provided by this Act and any contract executed pursuant to this Act.

Notwithstanding any other provision of this Act, nothing in paragraph (1) of this subsection shall enlarge or diminish the authority of the Secretary under existing law. Nothing in section 4 or any other provision of this Act shall reduce the Secretary's obligation to deliver to the Ak-Chin Reservation a permanent supply of fifty thousand acre-feet of surface water per annum as well as the water referred to in paragraph (2) of this subsection.

98 STAT. 2700

Gila Project.

(g)(1) The limitation in the first section of the Act of July 30, 1947 (61 Stat. 628) on the annual beneficial consumptive use in the Yuma Mesa Division of the Gila Project of no more than three hundred thousand acre-feet of Colorado River water shall be deemed to be a limitation of no more than two hundred and fifty thousand acre-feet, effective as provided in section 4 of this Act.

(2) Such two hundred and fifty thousand acre-feet of water shall not be used to irrigate more than thirty-seven thousand one hundred and eighty-seven acres of land in the Yuma Mesa Division, specifically: six thousand five hundred and eighty-seven acres in the North Gila Valley Irrigation District; ten thousand six hundred acres in the Yuma Irrigation District; and twenty thousand acres in the Yuma Mesa Irrigation and Drainage District. Additional land in the Yuma Mesa Irrigation and Drainage District may be irrigated if there is a corresponding reduction in the irrigated acreage in the other districts so that at no time are more than thirty-seven thousand one hundred and eighty-seven acres being irrigated in the Yuma Mesa Division.

(3) Pursuant to appropriations, the Secretary shall pay—

(A) $5,400,000 to the Yuma Mesa Irrigation and Drainage District for the purpose of replacement, rehabilitation, and repair of the water delivery system within the Yuma Mesa Irrigation and Drainage District, including water pumping facilities; and

(B) $2,000,000 to the Yuma Mesa Irrigation and Drainage District, $1,000,000 to the Yuma Irrigation District, and $1,000,000 to the North Gila Valley Irrigation District, for the purpose of on-farm and district water conservation and drainage measures.

Such funds shall not be used as non-Federal contributions in connection with any other Federal programs requiring cost-sharing. None of the payments to be made by the Secretary to said districts under this subsection shall be treated as supplemental or additional benefits or reimbursable to the United States.

Contracts with U.S.

(4) The Secretary is authorized and directed to amend the repayment contracts, as amended, between the United States and said districts to conform to the provisions of this Act and to provide that all remaining repayment obligations owing to the United States on the date of the enactment of this Act are discharged. The Secretary is authorized at the request of the districts or any one of them to issue a certificate acknowledging that the lands in the requesting district are free of the ownership and full cost pricing provisions of Federal reclamation law. Such certificate shall be in a form suitable for entry in the land records of Yuma County, Arizona. Amendments to the districts' contracts relating to items other than those covered by this Act shall not be made without the consent of the irrigation districts.

(5) The Secretary shall be required to carry out his obligations in paragraphs (3) and (4) only if the Yuma Mesa Irrigation and Drainage District, the North Gila Valley Irrigation District, and the Yuma Irrigation District execute amendatory contracts necessary to carry out the provisions of this subsection, including specifically a waiver and release of any and all claims to the annual beneficial consumptive use of Colorado River water in excess of two hundred fifty thousand acre-feet as provided in paragraph (1) of this subsection.

98 STAT. 2701

(h)(1) If the facilities required to deliver water to the Ak-Chin Reservation as provided in this section are not completed by January 1, 1988, the Secretary shall pay damages measured by the replacement cost of water not delivered in that calendar year up to a limit of thirty-five thousand acre-feet. In addition and to mitigate the effects occasioned by the failure to deliver said water, the Secretary shall pay all operation, maintenance and replacement costs of on-reservation wells to produce up to forty thousand acre-feet of water in that year for use by the Community.

(2) Commencing January 1, 1989, the Secretary shall pay damages measured by the replacement cost of water not delivered under subsection (a) or (c) as appropriate, up to a limit of seventy-five thousand or seventy-two thousand acre-feet of water, irrespective of whether the facilities to deliver water to the Ak-Chin Reservation have been completed.

(i) In any year in which the Ak-Chin Indian Community requests additional water under subsection (b) and such water and associated canal capacity are available, if the Secretary fails to deliver that quantity of additional water, in addition to any damages which he is required to pay under subsection (h), he shall pay damages in an amount measured by the agricultural water service operation, maintenance, and replacement costs for the Central Arizona Project in effect during that year, plus 20 per centum, of such additional quantity of water as is not delivered.

(j) The Ak-Chin Indian Community shall have the right to devote the permanent water supply provided for by this Act to any use, including but not limited to agricultural, municipal, industrial, commercial, mining or recreational use.

(k) The water referred to in subsection (f)(1) shall be for the exclusive use and benefit of the Ak-Chin Indian Community, except that whenever the aggregate water supply referred to in subsection (f) exceeds the quantity necessary to meet the obligations of the Secretary under this Act, the Secretary shall allocate on an interim basis to the Central Arizona Project any of the water referred to in subsection (f) which is not required for delivery to the Ak-Chin Indian Reservation under this Act.

92 Stat. 409.

SEC. 3. (a) The obligation of the Secretary to acquire and deliver to the Community an interim water supply from 1984 through 1987 under section 2 of the Act of July 28, 1978 (Public Law 95-328) shall be deemed to be fully discharged once—

(1) within sixty days of enactment of appropriations, the Secretary pays to the Community $1,400,000 in a lump sum grant for economic development in fiscal year 1986;

Ante, p. 1369.

(2) the Secretary of the Treasury, within thirty days after the date of enactment of this Act, has paid to the Community $15,000,000 for general community purposes as provided in Public Law 98-396;

(3) within sixty days after the date of enactment of this Act the Secretary has provided to the Community grants for economic development purposes of $2,000,000 from funds provided in Public Law 98-396 for the permanent water supply; and

(4) the Secretary has amended those repayment contracts between the United States and the Community to provide that all repayment obligations owing to the United States are discharged.

98 STAT. 2702

The Secretary is hereby authorized and directed to take such actions needed to amend the contracts referred to in paragraph (4).

(b) To carry out the purposes of this section the Ak-Chin Indian Community shall have the complete discretion to use and expend the funds referred to in this section.

Sec. 4. The provisions of sections 2 (f)(1) and (g) of this Act shall not take effect until—

(1) the amendatory contracts authorized by section 2(g) of this Act have been duly ratified and approved by each of the districts and executed by the United States; and

(2) the funds authorized to be paid to the districts by section 2(g)(3) of this Act have been appropriated and transferred to the districts.

92 Stat. 411.

Sec. 5. (a) The obligations of the Secretary under section 3 of the Act of July 28, 1978 (92 Stat. 409; Public Law 95-328), shall terminate upon the enactment of this Act. If the Secretary fails to acquire the water supply referred to in section 2(f)(1) of this Act by January 1, 1988, the Secretary shall be obligated—

(1) to deliver annually to the southeast corner of the Ak-Chin Indian Reservation eighty-five thousand acre-feet of water suitable for irrigation beginning January 1, 1988; and

(2) to provide as soon as possible, but not later than January 1, 2003, for the permanent delivery of such water.

(b) Failure to deliver water as specified in this section shall render the United States liable for damages measured by the replacement cost of water not delivered.

Management plan.

Sec. 6. The Secretary shall establish a water management plan for the Ak-Chin Indian Reservation which, except as is necessary to be consistent with the provisions of this Act, will have the same effect as any management plan developed under Arizona law.

Appropriation authorization.

Sec. 7. (a) There is hereby authorized to be appropriated the sum of $1,000,000 for payment to the fund referred to in subsection (b). Subject to appropriations, the Secretary shall pay a sum of $1,000,000 to such fund.

(b) No portion of the sum referred to in subsection (a) shall be paid unless—

(1) the Central Arizona Water Conservation District establishes a fund to be administered by the District for voluntary acquisition or conservation of water from sources within the State of Arizona for use in central Arizona in years when water supplies are reduced; and

(2) the Central Arizona Water Conservation District has contributed the sum of not less than $1,000,000 to such fund: *Provided*, That if the contribution of not less than $1,000,000 by the District to such fund has not been fully paid as provided in this section within two years of the date of enactment of this Act, the authorization for appropriation and payment of the sum referred to in subsection (a) shall terminate.

Severability.

(c) If the provisions of this section are for any reason not implemented as herein provided, the other sections of this Act shall remain unaffected thereby.

Sec. 8. Nothing in this Act shall be construed to enlarge or diminish the authority of the Secretary with regard to the Colorado River.

Sec. 9. No authority under this Act to enter into contracts or to make payments shall be effective except to the extent and in such amounts as provided in advance in appropriations Acts. Any provi- 98 STAT. 2703

98 STAT. 2721

Public Law 98-541
98th Congress

An Act

Oct. 24, 1984
[H.R. 1438]

To provide for the restoration of the fish and wildlife in the Trinity River Basin, California, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

Conservation.
Fish and fishing.
Wildlife.

FINDINGS

SECTION 1. The Congress finds that—

(1) the construction of the Trinity River division of the Central Valley project in California, authorized by the Act of August 12, 1955 (69 Stat. 719), has substantially reduced the streamflow in the Trinity River Basin thereby contributing to damage to pools, spawning gravels, and rearing areas and to a drastic reduction in the anadromous fish populations and a decline in the scenic and recreational qualities of such river system;

(2) the loss of land areas inundated by two reservoirs constructed in connection with such project has contributed to reductions in the populations of deer and other wildlife historically found in the Trinity River Basin;

(3) the Act referred to in paragraph (1) of this section directed the Secretary of the Interior (hereinafter in this Act referred to as the "Secretary") to take appropriate actions to ensure the preservation and propagation of such fish and wildlife and additional authority was conferred on the Secretary under the Act approved September 4, 1980 (94 Stat. 1062), to take certain actions to mitigate the impact on fish and wildlife of the construction and operation of the Trinity River division;

(4) activities other than those related to the project including, but not limited to, inadequate erosion control and fishery harvest management practices, have also had significant adverse effects on fish and wildlife populations in the Trinity River Basin and are of such a nature that the cause of any detrimental impact on such populations cannot be attributed solely to such activities or to the project;

(5) a fish and wildlife management program has been developed by an existing interagency advisory group called the Trinity River Basin Fish and Wildlife Task Force; and

(6) the Secretary requires additional authority to implement a basin-wide fish and wildlife management program in order to achieve the long-term goal of restoring fish and wildlife populations in the Trinity River Basin to a level approximating that which existed immediately before the start of the construction of the Trinity River division.

98 STAT. 2722

TRINITY RIVER BASIN FISH AND WILDLIFE MANAGEMENT PROGRAM

SEC. 2. (a) Subject to subsection (b), the Secretary shall formulate and implement a fish and wildlife management program for the Trinity River Basin designed to restore the fish and wildlife populations in such basin to the levels approximating those which existed immediately before the start of the construction referred to in section 1(1) and to maintain such levels. The program shall include the following activities:

(1) The design, construction, operation, and maintenance of facilities to—

(A) rehabilitate fish habitats in the Trinity River between Lewiston Dam and Weitchpec;

(B) rehabilitate fish habitats in tributaries of such river below Lewiston Dam and in the south fork of such river; and

(C) modernize and otherwise increase the effectiveness of the Trinity River Fish Hatchery.

(2) The establishment of a procedure to monitor (A) the fish and wildlife stock on a continuing basis, and (B) the effectiveness of the rehabilitation work.

(3) Such other activities as the Secretary determines to be necessary to achieve the long-term goal of the program.

(b)(1) The Secretary shall use the program described in section 1(5) of this Act as a basis for the management program to be formulated under subsection (a) of this section. In formulating and implementing such management program, the Secretary shall be assisted by an advisory group called the Trinity River Basin Fish and Wildlife Task Force established under section 3.

(2) In order to facilitate the implementation of those activities under the management program over which the Secretary does not have jurisdiction, the Secretary shall undertake to enter into a memorandum of agreement with those Federal, State, and local agencies, and the Indian tribe, represented on the Task Force established under section 3. The memorandum of agreement should specify those management program activities for which the respective signatories to the agreement are primarily responsible and should contain such commitments and arrangements between and among the signatories as may be necessary or appropriate to ensure the coordinated implementation of the program.

(3) To the extent not provided for under a memorandum of agreement entered into under paragraph (2), the Secretary shall coordinate the activities undertaken under such management program with the activities of State and local agencies, and the activities of other Federal agencies, which have responsibilities for managing public lands and natural resources within the Trinity River Basin.

SEC. 3. (a) There is established the Trinity River Basin Fish and Wildlife Task Force (hereinafter in this Act referred to as the "Task Force") which shall be composed of fourteen members as follows:

The operation and maintenance for which non-Federal entities shall be responsible shall include such repairing and replacing of a unit's facilities as are associated with normal annual maintenance activities in order to keep such facilities in a condition which will assure maximum reduction of salinity inflow to the Colorado River. These non-Federal entities shall not be responsible, nor incur any costs, for the replacement of a unit's facilities, including measures to replace incidental fish and wildlife values foregone. The term replacement shall be defined for the purposes of this title as a major modification or reconstruction of a completed unit, or portion thereof, which is necessitated, through no fault of the non-Federal entity or entities operating and maintaining a unit, by design or construction inadequacies or by normal limits on the useful life of a facility. The Secretary is authorized to provide continuing technical assistance to non-Federal entities to assure the effective and efficient operation and maintenance of a unit's facilities.

Reports.

"(3) The measures to be implemented in any particular salt source area shall be described in reports issued by the Secretary of Agriculture. Copies of the reports are to be submitted to—

"(A) the committees on Agriculture and Appropriations of the House of Representatives and the committees on Agriculture, Nutrition and Forestry and Appropriations of the Senate;

1984, and which shall be known as the Hickory Creek Wilderness.

ADMINISTRATION OF WILDERNESS

SEC. 5. (a) Subject to valid existing rights, each wilderness area designated by this Act shall be administered by the Secretary of Agriculture in accordance with the provisions of the Wilderness Act governing areas designated by that Act as wilderness, except that any reference in such provisions to the effective date of the Wilderness Act shall be deemed to be a reference to the date of enactment of this Act.

16 USC 1131 note.

(b) As provided in section 4(d)(8) of the Wilderness Act, nothing in this Act shall be construed as affecting the jurisdiction or responsibilities of the State of Pennsylvania with respect to wildlife and fish in the Allegheny National Forest in the State of Pennsylvania.

(c)(1) The Secretary is authorized to acquire by purchase, donation, or exchange, with donated or appropriated funds, such lands or interests in lands (including oil, gas, and other mineral interests and scenic easements) within the wilderness areas designated by this Act as the Secretary deems necessary to carry out the purposes of this Act. Such lands and interests in lands may be acquired only with the consent of the owner thereof.

(2) Not more than $2,000,000 is authorized to be appropriated for the purpose of acquiring, in accordance with this subsection, lands and interests in lands in the wilderness areas designated by this Act.

ALLEGHENY NATIONAL RECREATION AREA

SEC. 6. (a) In furtherance of the findings and purposes of this Act, certain lands in the Allegheny National Forest, Pennsylvania, which comprise approximately twenty-three thousand one hundred acres, as generally depicted on a map entitled "Allegheny National Recreation Area—Proposed", dated March 1984, are hereby designated as the Allegheny National Recreation Area (hereinafter in this Act referred to as the "national recreation area"). The Secretary of Agriculture may revise the boundaries of the national recreation area to correct errors or to include additional lands acquired adjacent to the area.

16 USC 460qq.

(b) The national recreation area shall be managed for the purposes of—

(1) outdoor recreation including, but not limited to, hunting, fishing, hiking, backpacking, camping, nature study, and the use of motorized and nonmotorized boats on the Allegheny Reservoir;

(2) the conservation of fish and wildlife populations and habitat;

(3) the protection of watersheds and the maintenance of free flowing streams and the quality of ground and surface waters in accordance with applicable law;

(5) allowing the development of privately owned oil, gas, and mineral resources subject to reasonable conditions prescribed by the Secretary under subsection (c) for the protection of the area; and

98 STAT. 3102

(6) minimizing, to the extent practicable, environmental disturbances caused by resource development, consistent with the exercise of private property rights.

(c) The Secretary shall administer the national recreation area in accordance with the purposes described in subsection (b) and the laws, rules, and regulations applicable to the National Forest System. Subject to valid existing rights, any activity associated with the exploration, development, or transportation of oil, gas, or other minerals shall be subject to such reasonable conditions as the Secretary may prescribe, and in accordance with the management plan described in subsection (d), to achieve the purposes, described in subsection (b), of the national recreation area. For any such activity, the Secretary shall require a plan of operations which shall include provisions for adequate reclamation, including, to the extent practicable, revegetation and rehabilitation after each phase of operations is completed.

Management plan.

16 USC 1600 note.

42 USC 4321 note.

(d) The Secretary shall prepare, and may from time to time amend, a management plan for the national recreation area. The plan may be prepared in conjunction with, or incorporated with, ongoing planning for the Allegheny National Forest in accordance with the National Forest Management Act of 1976. The initial management plan and significant amendments or revisions shall be accompanied by an environmental impact statement prepared in accordance with the National Environmental Policy Act of 1969.

(e) The Secretary shall permit hunting, fishing, and trapping within the boundaries of the national recreation area in accordance with applicable Federal and State laws except that the Secretary may designate zones where, and establish periods when, no hunting, fishing, or trapping shall be permitted for reasons of public safety, administration, or public use and enjoyment. Except in emergencies, any prohibitions or restrictions made pursuant to this subsection shall be put into effect only after consultation with the appropriate State fish and game department.

Mines and mining.

(f) Subject to valid existing rights, the minerals in all federally owned lands within the national recreation area designated by this Act are withdrawn from all forms of appropriation under the mining laws and from disposition under all laws pertaining to mineral leasing, including all laws pertaining to geothermal leasing, and all amendments thereto.

(g) Nothing in this section shall be construed to apply to or have any effect on any other management area of the National Forest System, including any wilderness area or any other national recreation area.

MAPS AND DESCRIPTIONS

16 USC 460qq note.

Public availability.

SEC. 7. As soon as practicable after enactment of this Act, the Secretary of Agriculture shall file a map and a legal description of the national recreation area and of each wilderness area designated by this Act with the Committee on Interior and Insular Affairs and the Committee on Agriculture of the United States House of Representatives and with the Committee on Agriculture, Nutrition, and Forestry of the United States Senate. Each such map and description shall have the same force and effect as if included in this Act, except that correction of clerical and typographical errors in such maps and descriptions may be made by the Secretary. Each such map and description shall be on file and available for public inspection in the Office of the Chief of the Forest Service, Department of Agriculture.

EFFECT OF RARE II

Conservation.

SEC. 8. (a) The Congress finds that—

(1) the Department of Agriculture has completed the second roadless area review and evaluation program (RARE II); and

(2) the Congress has made its own review and examination of National Forest System roadless areas in the State of Pennsyl-

vania, and of the environmental impacts associated with alternative allocations of such areas.

(b) On the basis of such review, the Congress hereby determines and directs that—

(1) without passing on the question of the legal and factual sufficiency of the RARE II final environmental statement (dated January 1979) with respect to National Forest System lands in States other than Pennsylvania, such statement shall not be subject to judicial review with respect to National Forest System lands in the State of Pennsylvania;

(2) with respect to the National Forest System lands in the State of Pennsylvania which were reviewed by the Department of Agriculture in the second roadless area review and evaluation (RARE II) and those lands referred to in subsection (d), that review and evaluation or reference shall be deemed for the purposes of the initial land management plans required for such lands by the Forest and Rangeland Renewable Resources Planning Act of 1974, as amended by the National Forest Management Act of 1976, to be an adequate consideration of the suitability of such lands for inclusion in the National Wilderness Preservation System and the Department of Agriculture shall not be required to review the wilderness option prior to the revisions of the plans, but shall review the wilderness option when the plans are revised, which revisions will ordinarily occur on a ten-year cycle, or at least every fifteen years, unless, prior to such time, the Secretary of Agriculture finds that conditions in a unit have significantly changed; 16 USC 1600 note.

(3) areas in the State of Pennsylvania reviewed in such final environmental statement or referenced in subsection (d) and not designated as wilderness or for special management under section 6 of this Act upon enactment of this Act shall be managed for multiple use in accordance with land management plans pursuant to section 6 of the Forest and Rangeland Renewable Resources Planning Act of 1974, as amended by the National Forest Management Act of 1976: *Provided,* That such areas need not be managed for the purpose of protecting their suitability for wilderness designation prior to or during revision of the initial land management plans; and 16 USC 1604.

(4) in the event that revised land management plans in the State of Pennsylvania are implemented pursuant to section 6 of the Forest and Rangeland Renewable Resources Planning Act of 1974, as amended by the National Forest Management Act of 1976, and other applicable law, areas not recommended for wilderness designation need not be managed for the purpose of protecting their suitability for wilderness designation prior to or during revision of such plans, and areas recommended for wilderness designation shall be managed for the purpose of protecting their suitability for wilderness designation as may be

98 STAT. 3104

required by the Forest and Rangeland Renewable Resources Planning Act of 1974, as amended by the National Forest Management Act of 1976, and other applicable law.

(c) As used in this section, and as provided in section 6 of the Forest and Rangeland Renewable Resources Planning Act of 1974, as amended by the National Forest Management Act of 1976, the term "revision" shall not include an "amendment" to a plan. 16 USC 1600 note. 16 USC 1604.

(d) The provisions of this section shall also apply to National Forest System roadless lands in the State of Pennsylvania which are less than five thousand acres in size.

BUFFER ZONES

SEC. 9. The Congress does not intend that the designation of a wilderness area under this Act lead to the creation of protective perimeters or buffer zones around such wilderness area. The fact that nonwilderness activities or uses can be seen or heard from areas within a wilderness shall not preclude such activities or uses up to the boundary of the wilderness area.

IMPROVED CHILD SUPPORT ENFORCEMENT THROUGH REQUIRED STATE LAWS AND PROCEDURES

42 USC 654.

SEC. 3. (a) Section 454 of the Social Security Act is amended—

(1) by striking out "and" at the end of paragraph (18);

(2) by striking out the period at the end of paragraph (19) and inserting in lieu thereof "; and"; and

(3) by adding after paragraph (19) the following new paragraph:

"(20) provide, to the extent required by section 466, that the

State (A) shall have in effect all of the laws to improve child support enforcement effectiveness which are referred to in that section, and (B) shall implement the procedures which are prescribed in or pursuant to such laws.".

(b) Part D of title IV of such Act is further amended by adding at the end thereof the following new section:

"REQUIREMENT OF STATUTORILY PRESCRIBED PROCEDURES TO IMPROVE EFFECTIVENESS OF CHILD SUPPORT ENFORCEMENT

42 USC 666.
Supra.

"SEC. 466. (a) In order to satisfy section 454(20)(A), each State must have in effect laws requiring the use of the following procedures, consistent with this section and with regulations of the Secretary, to increase the effectiveness of the program which the State administers under this part:

"(1) Procedures described in subsection (b) for the withholding from income of amounts payable as support.

"(2) Procedures under which expedited processes (determined in accordance with regulations of the Secretary) are in effect under the State judicial system or under State administrative processes (A) for obtaining and enforcing support orders, and (B) at the option of the State, for establishing paternity. The Secretary may waive the provisions of this paragraph with respect to one or more political subdivisions within the State on the basis of the effectiveness and timeliness of support order issuance and enforcement within the political subdivision (in accordance with the general rule for exemptions under subsection (d)).

"(3) Procedures under which the State child support enforcement agency shall request, and the State shall provide, that for the purpose of enforcing a support order under any State plan approved under this part—

"(A) any refund of State income tax which would otherwise be payable to an absent parent will be reduced, after notice has been sent to that absent parent of the proposed reduction and the procedures to be followed to contest it (and after full compliance with all procedural due process requirements of the State), by the amount of any overdue support owed by such absent parent;

Post, p. 1317.

42 USC 602.
Post, p. 1318.

Post, pp. 1310, 1319, 1324.
42 USC 654.

"(B) the amount by which such refund is reduced shall be distributed in accordance with section 457 (b)(4) or (d)(3) in the case of overdue support assigned to a State pursuant to section 402(a)(26) or 471(a)(17), or, in the case of overdue support which a State has agreed to collect under section 454(6), shall be distributed, after deduction of any fees imposed by the State to cover the costs of collection, to the child or parent to whom such support is owed; and

98 STAT. 1307

"(C) notice of the absent parent's social security account number (or numbers, if he has more than one such number) and home address shall be furnished to the State agency requesting the refund offset, and to the State agency enforcing the order.

"(4) Procedures under which liens are imposed against real and personal property for amounts of overdue support owed by an absent parent who resides or owns property in the State.

"(5) Procedures which permit the establishment of the paternity of any child at any time prior to such child's eighteenth birthday.

"(6) Procedures which require that an absent parent give security, post a bond, or give some other guarantee to secure payment of overdue support, after notice has been sent to such absent parent of the proposed action and of the procedures to be followed to contest it (and after full compliance with all procedural due process requirements of the State).

"(7) Procedures by which information regarding the amount of overdue support owed by an absent parent residing in the State will be made available to any consumer reporting agency (as defined in section 603(f) of the Fair Credit Reporting Act (15

U.S.C. 1681a(f))) upon the request of such agency; except that (A) if the amount of the overdue support involved in any case is less than $1,000, information regarding such amount shall be made available only at the option of the State, (B) any information with respect to an absent parent shall be made available under such procedures only after notice has been sent to such absent parent of the proposed action, and such absent parent has been given a reasonable opportunity to contest the accuracy of such information (and after full compliance with all procedural due process requirements of the State), and (C) a fee for furnishing such information, in an amount not exceeding the actual cost thereof, may be imposed on the requesting agency by the State.

"(8) Procedures under which all child support orders which are issued or modified in the State will include provision for withholding from wages, in order to assure that withholding as a means of collecting child support is available if arrearages occur without the necessity of filing application for services under this part.

Ante, p. 1306.

Notwithstanding section 454(20)(B), the procedures which are required under paragraphs (3), (4), (6), and (7) need not be used or applied in cases where the State determines (using guidelines which are generally available within the State and which take into account the payment record of the absent parent, the availability of other remedies, and other relevant considerations) that such use or application would not carry out the purposes of this part or would be otherwise inappropriate in the circumstances.

Withholding of income.

"(b) The procedures referred to in subsection (a)(1) (relating to the withholding from income of amounts payable as support) must provide for the following:

"(1) In the case of each absent parent against whom a support order is or has been issued or modified in the State, and is being enforced under the State plan, so much of such parent's wages (as defined by the State for purposes of this section) must be withheld, in accordance with the succeeding provisions of this

98 STAT. 1308

subsection, as is necessary to comply with the order and provide for the payment of any fee to the employer which may be required under paragraph (6)(A), up to the maximum amount permitted under section 303(b) of the Consumer Credit Protection Act (15 U.S.C. 1673(b)). If there are arrearages to be collected, amounts withheld to satisfy such arrearages, when added to the amounts withheld to pay current support and provide for the fee, may not exceed the limit permitted under such section 303(b), but the State need not withhold up to the maximum amount permitted under such section in order to satisfy arrearages.

42 USC 503.

"(2) Such withholding must be provided without the necessity of any application therefor in the case of a child (whether or not eligible for aid under part A) with respect to whom services are already being provided under the State plan under this part, and must be provided in accordance with this subsection on the basis of an application for services under the State plan in the case of any other child in whose behalf a support order has been issued or modified in the State. In either case such withholding must occur without the need for any amendment to the support order involved or for any further action (other than those actions required under this part) by the court or other entity which issued such order.

42 USC 601.

"(3) An absent parent shall become subject to such withholding, and the advance notice required under paragraph (4) shall be given, on the earliest of—

"(A) the date on which the payments which the absent parent has failed to make under such order are at least equal to the support payable for one month,

"(B) the date as of which the absent parent requests that such withholding begin, or

"(C) such earlier date as the State may select.

"(4)(A) Such withholding must be carried out in full compliance with all procedural due process requirements of the State, and (subject to subparagraph (B)) the State must send advance notice to each absent parent to whom paragraph (1) applies regarding the proposed withholding and the procedures such absent parent should follow if he or she desires to contest such withholding on the grounds that withholding (including the amount to be withheld) is not proper in the case involved because of mistakes of fact. If the absent parent contests such withholding on those grounds, the State shall determine whether such withholding will actually occur, shall (within no more than 45 days after the provision of such advance notice) inform such parent of whether or not withholding will occur and (if so) of the date on which it is to begin, and shall furnish such parent with the information contained in any notice given to the employer under paragraph (6)(A) with respect to such withholding.

"(B) The requirement of advance notice set forth in the first sentence of subparagraph (A) shall not apply in the case of any State which has a system of income withholding for child support purposes in effect on the date of the enactment of this section if such system provides on that date, and continues to provide, such procedures as may be necessary to meet the procedural due process requirements of State law.

98 STAT. 1309

42 USC 657.

"(5) Such withholding must be administered by a public agency designated by the State, and the amounts withheld must be expeditiously distributed by the State or such agency in accordance with section 457 under procedures (specified by the State) adequate to document payments of support and to track and monitor such payments, except that the State may establish or permit the establishment of alternative procedures for the collection and distribution of such amounts (under the supervision of such public agency) otherwise than through such public agency so long as the entity making such collection and distribution is publicly accountable for its actions taken in carrying out such procedures, and so long as such procedures will assure prompt distribution, provide for the keeping of adequate records to document payments of support, and permit the tracking and monitoring of such payments.

"(6)(A)(i) The employer of any absent parent to whom paragraph (1) applies, upon being given notice as described in clause (ii), must be required to withhold from such absent parent's wages the amount specified by such notice (which may include a fee, established by the State, to be paid to the employer unless waived by such employer) and pay such amount (after deducting and retaining any portion thereof which represents the fee so established) to the appropriate agency (or other entity authorized to collect the amounts withheld under the alternative procedures described in paragraph (5)) for distribution in accordance with section 457.

"(ii) The notice given to the employer shall contain only such information as may be necessary for the employer to comply with the withholding order.

"(B) Methods must be established by the State to simplify the withholding process for employers to the greatest extent possible, including permitting any employer to combine all withheld amounts into a single payment to each appropriate agency or entity (with the portion thereof which is attributable to each individual employee being separately designated).

"(C) The employer must be held liable to the State for any amount which such employer fails to withhold from wages due an employee following receipt by such employer of proper notice under subparagraph (A), but such employer shall not be required to vary the normal pay and disbursement cycles in order to comply with this paragraph.

"(D) Provision must be made for the imposition of a fine against any employer who discharges from employment, refuses to employ, or takes disciplinary action against any absent parent subject to wage withholding required by this subsection because of the existence of such withholding and the obligations or additional obligations which it imposes upon the employer.

"(7) Support collection under this subsection must be given priority over any other legal process under State law against the same wages.

"(8) The State may take such actions as may be necessary to extend its system of withholding under this subsection so that such system will include withholding from forms of income other than wages, in order to assure that child support owed by absent parents in the State will be collected without regard to the types of such absent parents' income or the nature of their income-producing activities.

"(9) The State must extend its withholding system under this subsection so that such system will include withholding from income derived within such State in cases where the applicable support orders were issued in other States, in order to assure that child support owed by absent parents in such State or any other State will be collected without regard to the residence of the child for whom the support is payable or of such child's custodial parent.

"(10) Provision must be made for terminating withholding.

Optional payment procedure.

42 USC 654.

"(c) Any State may at its option, under its plan approved under section 454, establish procedures under which support payments under this part will be made through the State agency or other entity which administers the State's income withholding system in any case where either the absent parent or the custodial parent requests it, even though no arrearages in child support payments are involved and no income withholding procedures have been instituted; but in any such case an annual fee for handling and processing such payments, in an amount not exceeding the actual costs incurred by the State in connection therewith or $25, whichever is less, shall be imposed on the requesting parent by the State.

Exemption.

"(d) If a State demonstrates to the satisfaction of the Secretary, through the presentation to the Secretary of such data pertaining to caseloads, processing times, administrative costs, and average support collections, and such other data or estimates as the Secretary may specify, that the enactment of any law or the use of any procedure or procedures required by or pursuant to this section will not increase the effectiveness and efficiency of the State child support enforcement program, the Secretary may exempt the State, subject to the Secretary's continuing review and to termination of the exemption should circumstances change, from the requirement to enact the law or use the procedure or procedures involved.

"(e) For purposes of this section, the term 'overdue support' means the amount of a delinquency pursuant to an obligation determined under a court order, or an order of an administrative process established under State law, for support and maintenance of a minor child which is owed to or on behalf of such child, or for support and maintenance of the absent parent's spouse (or former spouse) with whom the child is living if and to the extent that spousal support (with respect to such spouse or former spouse) would be included for purposes of paragraph (4) or (6) of section 454. At the option of the State, overdue support may include amounts which otherwise meet the definition in the first sentence of this subsection but which are owed to or on behalf of a child who is not a minor child. The option to include support owed to children who are not minors shall apply independently to each procedure specified under this section.".

(c) Section 454(6)(B) of such Act is amended to read as follows: "(B) an application fee for furnishing such services shall be imposed, which shall be paid by the individual applying for such services, or recovered from the absent parent, or paid by the State out of its own funds (the payment of which from State funds shall not be considered as an administrative cost of the State for the operation of the plan, and shall be considered income to the program), the amount of which (i) will not exceed $25 (or such higher or lower amount (which shall be uniform for all States) as the Secretary may determine to be

appropriate for any fiscal year to reflect increases or decreases in administrative costs), and (ii) may vary among such individuals on the basis of ability to pay (as determined by the State), and".

Ante, p. 1306. (d) Section 454 of such Act (as amended by subsection (a) of this section) is further amended—

(1) by striking out "and" at the end of paragraph (19);

(2) by striking out the period at the end of paragraph (20) and inserting in lieu thereof "; and"; and

(3) by adding after paragraph (20) the following new paragraph:

Ante, p. 1306. "(21)(A) at the option of the State, impose a late payment fee on all overdue support (as defined in section 466(e)) under any obligation being enforced under this part, in an amount equal to a uniform percentage determined by the State (not less than 3 percent nor more than 6 percent) of the overdue support, which shall be payable by the absent parent owing the overdue support; and

"(B) assure that the fee will be collected in addition to, and only after full payment of, the overdue support, and that the imposition of the late payment fee shall not directly or indirectly result in a decrease in the amount of the support which is paid to the child (or spouse) to whom, or on whose behalf, it is owed.".

42 USC 654. (e) Section 454(5) of such Act is amended by inserting after "directly to the family" the following: ", and the individual will be notified at least annually of the amount of the support payments collected;".

Supra. (f) Section 454 of such Act is further amended by adding at the end thereof (after and below paragraph (21) (as added by subsection (d) of this section)) the following new sentence:

"(2)(A) Upon receiving notice from a State agency administering a plan approved under this part that a named individual owes past-due support (as that term is defined for purposes of this paragraph under subsection (c)) which such State has agreed to collect under section 454(6), and that the State agency has sent notice to such individual in accordance with paragraph (3)(A), the Secretary of the Treasury shall determine whether any amounts, as refunds of Federal taxes paid, are payable to such individual (regardless of whether such individual filed a tax return as a married or unmarried individual). If the Secretary of the Treasury finds that any such amount is payable, he shall withhold from such refunds an amount equal to such past-due support, and shall concurrently send notice to such individual that the withholding has been made, including in or with such notice a notification to any other person who may have filed a joint return with such individual of the steps which such other person may take in order to secure his or her proper share of the refund. The Secretary of the Treasury shall pay the amount withheld to the State agency, and the State shall pay to the Secretary of the Treasury any fee imposed by the Secretary of the Treasury to cover the costs of the withholding and any required notification. The State agency shall, subject to paragraph (3)(B), distribute such amount to or on behalf of the child to whom the support was owed.

Effective date.
Ante, p. 1154.

"(B) This paragraph shall apply only with respect to refunds payable under section 6402 of the Internal Revenue Code of 1954 after December 31, 1985, and before January 1, 1991.

"(3)(A) Prior to notifying the Secretary of the Treasury under paragraph (1) or (2) that an individual owes past-due support, the State shall send notice to such individual that a withholding will be made from any refund otherwise payable to such individual. The notice shall also (i) instruct the individual owing the past-due support of the steps which may be taken to contest the State's determination that past-due support is owed or the amount of the past-due support, and (ii) provide information, as may be prescribed by the Secretary of Health and Human Services by regulation in consultation with the Secretary of the Treasury, with respect to procedures to be followed, in the case of a joint return, to protect the share of the refund which may be payable to another person.

"(B) If the Secretary of the Treasury determines that an amount should be withheld under paragraph (1) or (2), and that the refund from which it should be withheld is based upon a joint return, the Secretary of the Treasury shall notify the State that the withholding is being made from a refund based upon a joint return, and shall furnish to the State the names and addresses of each taxpayer filing such joint return. In the case of a withholding under paragraph (2), the State may delay distribution of the amount withheld until the State has been notified by the Secretary of the Treasury that the other person filing the joint return has received his or her proper share of the refund, but such delay may not exceed six months.

"(C) If the other person filing the joint return with the named individual owing the past-due support takes appropriate action to secure his or her proper share of a refund from which a withholding was made under paragraph (1) or (2), the Secretary of the Treasury shall pay such share to such other person. The Secretary of the Treasury shall deduct the amount of such payment from amounts subsequently payable to the State agency to which the amount originally withheld from such refund was paid.

98 STAT. 1324

"(D) In any case in which an amount was withheld under paragraph (1) or (2) and paid to a State, and the State subsequently determines that the amount certified as past-due support was in excess of the amount actually owed at the time the amount withheld is to be distributed to or on behalf of the child, the State shall pay the excess amount withheld to the named individual thought to have owed the past-due support (or, in the case of amounts withheld on the basis of a joint return, jointly to the parties filing such return).".

(b)(1) Section 464(a)(1) of such Act (as redesignated by subsection (a) of this section) is amended by striking out "and pay" in the second sentence and inserting in lieu thereof the following: "shall concurrently send notice to such individual that the withholding has been made (including in or with such notice a notification to any other person who may have filed a joint return with such individual of the steps which such other person may take in order to secure his or her proper share of the refund), and shall pay".

Ante, p. 1322.

(2) Section 464(b) of such Act is amended—

42 USC 664.

The State may limit the $500 threshhold amount to amounts of past-due support accrued since the time that the State first began to enforce the child support order involved under the State plan, and may limit the application of the withholding to past-due support accrued since such time.

"(B) The fee which the Secretary of the Treasury may impose to cover the costs of the withholding and notification may not exceed $25 per case submitted.".

(C) the State agrees that, during the conduct of such test, it will continue to determine eligibility for medical assistance under the State plan approved under title XIX of the Social Security Act, applying the criteria (insofar as may be applicable to members of families with dependent children affected by the Initiative) in effect under its State plan approved under part A of title IV for the month preceding the month in which the Initiative (approved under this section) becomes effective, except that such criteria shall be deemed to have been changed to the extent necessary to comply with generally applicable changes in Federal law or regulations occurring after the date of the enactment of this Act;

(2) The program description provided under paragraph (1)(A) shall describe in detail how the proposed Initiative will affect children and families, with specific reference to the principles for calculating benefits and establishing and enforcing child support obligations. Effective date.

42 USC 603.

Ante, pp. 1311, 1312.

(b) The Child Support Initiative proposed by the State of Wisconsin as detailed in the program description submitted to the Secretary, and the related requested waivers, shall become effective within 120 days after its submission unless the Secretary determines that the financial well-being of children in the State will be adversely affected by the Initiative. The Secretary shall notify the State in writing that, effective with the beginning of the following quarter (or of such later quarter as the State may select), the State may operate its Child Support Initiative instead of its programs of aid to families with dependent children (or, if the State had so requested, instead of its program of aid to dependent children in single-parent families) and child support enforcement in such county or counties, or on a statewide basis, as the State has indicated in its request. Except as specifically provided in subsection (c), no amount will be payable for any quarter under section 403(a) (or under section 403(a) with respect to single-parent families, if the State had so requested), 455(a), or 458 of the Social Security Act with respect to such county or counties in which the Initiative is in effect.

(c)(1) For each quarter during which such program is in effect throughout the State, the Secretary will pay to the State the sum of its proportionate share (as defined in paragraph (4)(A)) of each of the following:

42 USC 1301.
42 USC 603.

(A) the amount advanced by the Secretary to all the other States (as defined in section 1101(a) of the Social Security Act) for such quarter with respect to section 403(a) (1) and (2) of such Act;

(B) the amount so advanced by the Secretary with respect to section 403(a)(3) of such Act;

Ante, p. 1311.

(C) the amount so advanced by the Secretary with respect to section 455(a) of such Act; and

Ante, p. 1312.

(D) the amount so advanced by the Secretary with respect to section 458(a) of such Act,

Ante, p. 1318.

reduced by so much of its proportionate share of support collections on behalf of individuals receiving aid to families with dependent children (as defined in paragraph (4)(B)) as would have been credited to the Federal Government under section 457(b) of such Act had such collections been made in the last quarter of fiscal year 1986.

98 STAT. 1328

Ante, p. 1318.

(2) If in any quarter the Initiative approved under this section is in operation in fewer than all the counties in the State, the amount paid to the State with respect to the counties to which the waiver under subsection (a) applies shall equal (in lieu of the amount specified in paragraph (1)) the proportionate share with respect to the counties in which the Initiative is operated (as defined in paragraph (5)(A)) of the amount advanced to the State under the four authorities specified in paragraph (1) with respect to all the other counties for such quarter, reduced by so much of the proportionate share of support collections (as defined in paragraph (5)(B)) with respect to the counties in which the Initiative is operated, as would have been credited to the Federal Government under section 457(b) of such Act had such collections been made in the last quarter of fiscal year 1986.

42 USC 601, 651.

(3) Payment under this subsection shall be estimated by the Secretary before the beginning of each quarter during which the Initiative is in effect on the basis of the advances made under parts A and D of title IV of the Social Security Act for such quarter, and the Secretary shall make payments for such quarter on a monthly basis (with each payment made no later than the beginning of the month involved), in the amounts so estimated, and adjusted as

necessary to reflect the amount of any previously made overpayment or underpayment under this section. Payment of any amount determined with respect to paragraphs (1)(A) and (1)(B) shall be made from amounts appropriated to carry out part A of title IV of the Social Security Act for the appropriate fiscal year; payment of any amount determined with respect to paragraphs (1)(C) and (1)(D) shall be made from amounts appropriated to carry out part D of title IV of the Social Security Act.

(4)(A) The State's proportionate share of each amount enumerated in paragraph (1) shall be the portion of such amount that bears the same ratio to such amount as the corresponding portion advanced to the State for quarters in fiscal years 1984 through 1986 bears to the total corresponding amount advanced to all the other States for such quarters.

(B) The State's proportionate share of support collections means the amount that bears the same ratio to such collections on behalf of individuals receiving aid to families with dependent children by all the other States for the quarter involved as such collections by the State for quarters in fiscal years 1984 through 1986 bear to the total of such collections by all the other States for such quarters.

(5)(A) The proportionate share with respect to the counties in which the Initiative is operated, in the case of—

(i) the amount advanced to the State with respect to all other counties under section 403(a)(1) of the Social Security Act; 42 USC 603.

(ii) the amount so advanced under section 403(a)(3) of such Act;

(iii) the amount so advanced under section 455(a) of such Act; and *Ante*, p. 1311.

(iv) the amount so advanced with respect to section 458(a) of such Act, *Ante*, p. 1312.

is the sum of such amounts, each having been multiplied by the ratio of (I) the corresponding amount advanced with respect to such counties for all quarters in fiscal years 1984 through 1986 to (II) the corresponding amount advanced with respect to all the other counties in the State for all such quarters.

(B) The proportionate share of support collections for any quarter, with respect to the counties in which the Initiative is operated, means the amount that bears the same ratio to such collections on behalf of individuals receiving aid to families with dependent children with respect to all the other counties in the State for such quarter as such collections by such counties for quarters in fiscal years 1984 through 1986 bear to the total of such collections by all the other counties in the State for such quarters.

(6) If the State requests, under subsection (a), waiver of only those requirements under part A of title IV of the Social Security Act as relate to the provision of aid to dependent children in single-parent families, and continues to operate its program of aid to families with dependent children deprived by reason of the unemployment of a parent— 42 USC 601.

(A) the State's proportionate share of the amount specified in paragraph (1)(A) (and only that amount) shall be computed under paragraph (4) by application of the ratio of (i) the amount advanced to the State, under section 403(a)(1) of the Social Security Act for quarters in fiscal years 1984 through 1986 with respect to expenditures in the form of aid to dependent children in single-parent families, to (ii) the amount advanced to all the other States, under section 403(a) (1) and (2) of such Act with respect to such expenditures, rather than by application of the ratio specified in paragraph (4); and 42 USC 603.

(B) part A of title IV of such Act shall continue to apply to the State's program of aid to families with dependent children deprived by reason of the unemployment of a parent; except that section 403(a)(3) shall not apply during the period that, or in the part or parts of the State where, the Initiative is in effect. 42 USC 601. 42 USC 603.

(d)(1) The State may cease to conduct the Initiative under this section and (if it so chooses) return to the administration of its plans approved under part A and part D of title IV of the Social Security 42 USC 601, 651.

Act upon the provision to the Secretary of at least 3 months advance notice (or such greater advance notice as may be necessary so that administration of such plans will resume at the beginning of a quarter in the fiscal year).

(2) The Secretary may terminate approval of the Initiative upon the giving of at least 3 months advance notice (or such greater advance notice as may be necessary as specified in paragraph (1)) to the State if it is determined that the financial well-being of children in the State (or county or counties involved) would be better achieved by the operation of programs under part A and part D of title IV of the Social Security Act.

Effective date.

(e) This section shall be in effect for quarters beginning after September 30, 1986, and ending before October 1, 1994.

SENSE OF THE CONGRESS THAT STATE AND LOCAL GOVERNMENTS SHOULD FOCUS ON THE PROBLEMS OF CHILD CUSTODY, CHILD SUPPORT, AND RELATED DOMESTIC ISSUES

SEC. 23. (a) The Congress finds that—

(1) the divorce rate in the United States has reached alarming proportions and the number of children being raised in single parent families has grown accordingly;

(2) there is a critical lack of child support enforcement, which Congress has undertaken to address through the child support enforcement program;

(3) Congress is strengthening that program to recognize the needs of all children;

(4) related domestic issues, such as visitation rights and child custody, are often intricately intertwined with the child support problem and have received inadequate consideration; and

(5) these related issues remain within the jurisdiction of State and local governments, but have a critical impact on the health and welfare of the children of the Nation.

98 STAT. 1330

(b) It is the sense of Congress that—

(1) State and local governments must focus on the vital issues of child support, child custody, visitation rights, and other related domestic issues that are properly within the jurisdictions of such governments;

(2) all individuals involved in the domestic relations process should recognize the seriousness of these matters to the health and welfare of our Nation's children and assign them the highest priority; and

(3) a mutual recognition of the needs of all parties involved in divorce actions will greatly enhance the health and welfare of America's children and families.

STANDARD OF REVIEW FOR TERMINATION OF DISABILITY BENEFITS AND PERIODS OF DISABILITY

97 Stat. 134.
42 USC 423.

SEC. 2. (a) Section 223(f) of the Social Security Act is amended to read as follows:

"Standard of Review for Termination of Disability Benefits

42 USC 1395.

"(f) A recipient of benefits under this title or title XVIII based on the disability of any individual may be determined not to be entitled to such benefits on the basis of a finding that the physical or mental impairment on the basis of which such benefits are provided has ceased, does not exist, or is not disabling only if such finding is supported by—

"(1) substantial evidence which demonstrates that—

"(A) there has been any medical improvement in the individual's impairment or combination of impairments (other than medical improvement which is not related to the individual's ability to work), and

98 STAT. 1795

"(B)(i) the individual is now able to engage in substantial gainful activity, or

42 USC 402.

"(ii) if the individual is a widow or surviving divorced wife under section 202(e) or a widower or surviving divorced husband under section 202(f), the severity of his or her impairment or impairments is no longer deemed, under regulations prescribed by the Secretary, sufficient to preclude the individual from engaging in gainful activity; or

"(2) substantial evidence which—

"(A) consists of new medical evidence and (in a case to which clause (ii)(II) does not apply) a new assessment of the individual's residual functional capacity, and demonstrates that—

"(i) although the individual has not improved medically, he or she is nonetheless a beneficiary of advances in medical or vocational therapy or technology (related to the individual's ability to work), and

"(ii)(I) the individual is now able to engage in substantial gainful activity, or

"(II) if the individual is a widow or surviving divorced wife under section 202(e) or a widower or surviving divorced husband under section 202(f), the severity of his or her impairment or impairments is no longer deemed under regulations prescribed by the Secretary sufficient to preclude the individual from engaging in gainful activity, or

"(B) demonstrates that—

"(i) although the individual has not improved medically, he or she has undergone vocational therapy (related to the individual's ability to work), and

"(ii) the requirements of subclause (I) or (II) of subparagraph (A)(ii) are met; or

"(3) substantial evidence which demonstrates that, as determined on the basis of new or improved diagnostic techniques or evaluations, the individual's impairment or combination of impairments is not as disabling as it was considered to be at the time of the most recent prior decision that he or she was under a disability or continued to be under a disability, and that therefore—

"(A) the individual is able to engage in substantial gainful activity, or

"(B) if the individual is a widow or surviving divorced wife under section 202(e) or a widower or surviving divorced husband under section 202(f), the severity of his or her impairment or impairments is not deemed under regulations prescribed by the Secretary sufficient to preclude the individual from engaging in gainful activity; or

"(4) substantial evidence (which may be evidence on the record at the time any prior determination of the entitlement to benefits based on disability was made, or newly obtained evidence which relates to that determination) which demonstrates that a prior determination was in error.

Nothing in this subsection shall be construed to require a determination that a recipient of benefits under this title or title XVIII based on an individual's disability is entitled to such benefits if the prior determination was fraudulently obtained or if the individual is engaged in substantial gainful activity (or gainful activity in the case of a widow, surviving divorced wife, widower, or surviving divorced husband), cannot be located, or fails, without good cause, to cooperate in a review of the entitlement to such benefits or to follow prescribed treatment which would be expected to restore his or her ability to engage in substantial gainful activity (or gainful activity in the case of a widow, surviving divorced wife, widower, or surviving divorced husband). Any determination under this section shall be made on the basis of all the evidence available in the individual's case file, including new evidence concerning the individual's prior or current condition which is presented by the individual or secured by the Secretary. Any determination made under this section shall be made on the basis of the weight of the evidence and on a neutral basis with regard to the individual's condition, without any initial inference as to the presence or absence of disability being drawn from the fact that the individual has previously been determined to be disabled. For purposes of this subsection, a benefit under this title is based on an individual's disability if it is a disability insurance benefit, a child's, widow's, or widower's insurance benefit based on disability, or a mother's or father's insurance benefit based on the disability of the mother's or father's child who has attained age 16.".

42 USC 1395

98 STAT. 1796

(b) Section 216(i)(2)(D) of such Act is amended by adding at the end thereof the following: "The provisions set forth in section 223(f) with respect to determinations of whether entitlement to benefits under this title or title XVIII based on the disability of any individual is terminated (on the basis of a finding that the physical or mental impairment on the basis of which such benefits are provided has ceased, does not exist, or is not disabling) shall apply in the same manner and to the same extent with respect to determinations of whether a period of disability has ended (on the basis of a finding that the physical or mental impairment on the basis of which the finding of disability was made has ceased, does not exist, or is not disabling)."

42 USC 416.

Ante, p. 1794.

42 USC 1395.

(c) Section 1614(a) of such Act is amended by adding at the end thereof the following new paragraph:

42 USC 1382c.

"(5) A recipient of benefits based on disability under this title may be determined not to be entitled to such benefits on the basis of a finding that the physical or mental impairment on the basis of which such benefits are provided has ceased, does not exist, or is not disabling only if such finding is supported by—

"(A) substantial evidence which demonstrates that—

"(i) there has been any medical improvement in the individual's impairment or combination of impairments (other than medical improvement which is not related to the individual's ability to work), and

"(ii) the individual is now able to engage in substantial gainful activity; or

42 USC 1382h.

"(B) substantial evidence (except in the case of an individual eligible to receive benefits under section 1619) which—

"(i) consists of new medical evidence and a new assessment of the individual's residual functional capacity, and demonstrates that—

"(I) although the individual has not improved medically, he or she is nonetheless a beneficiary of advances in medical or vocational therapy or technology (related to the individual's ability to work), and

98 STAT. 1797

"(II) the individual is now able to engage in substantial gainful activity, or

"(ii) demonstrates that—

"(I) although the individual has not improved medically, he or she has undergone vocational therapy (related to the individual's ability to work), and

"(II) the individual is now able to engage in substantial gainful activity; or

"(C) substantial evidence which demonstrates that, as determined on the basis of new or improved diagnostic techniques or evaluations, the individual's impairment or combination of impairments is not as disabling as it was considered to be at the time of the most recent prior decision that he or she was under a disability or continued to be under a disability, and that therefore the individual is able to engage in substantial gainful activity; or

"(D) substantial evidence (which may be evidence on the record at the time any prior determination of the entitlement to benefits based on disability was made, or newly obtained evidence which relates to that determination) which demonstrates that a prior determination was in error.

Nothing in this paragraph shall be construed to require a determination that an individual receiving benefits based on disability under this title is entitled to such benefits if the prior determination was fraudulently obtained or if the individual is engaged in substantial gainful activity, cannot be located, or fails, without good cause, to cooperate in a review of his or her entitlement or to follow prescribed treatment which would be expected to restore his or her ability to engage in substantial gainful activity. Any determination under this paragraph shall be made on the basis of all the evidence available in the individual's case file, including new evidence concerning the individual's prior or current condition which is presented by the individual or secured by the Secretary. Any determination made under this paragraph shall be made on the basis of the weight of the evidence and on a neutral basis with regard to the individual's condition, without any initial inference as to the presence or absence of disability being drawn from the fact that the individual has previously been determined to be disabled.".

Effective date.
42 USC 423 note.

(d)(1) The amendments made by this section shall apply only as provided in this subsection.

(2) The amendments made by this section shall apply to—

(A) determinations made by the Secretary on or after the date of the enactment of this Act;

(B) determinations with respect to which a final decision of the Secretary has not yet been made as of the date of the enactment of this Act and with respect to which a request for administrative review is made in conformity with the time limits, exhaustion requirements, and other provisions of section 205 of the Social Security Act and regulations of the Secretary; 42 USC 405.

(C) determinations with respect to which a request for judicial review was pending on September 19, 1984, and which involve an individual litigant or a member of a class in a class action who is identified by name in such pending action on such date; and

(D) determinations with respect to which a timely request for judicial review is or has been made by an individual litigant of a final decision of the Secretary made within 60 days prior to the date of the enactment of this Act.

98 STAT. 1798

In the case of determinations described in subparagraphs (C) and (D) in actions relating to medical improvement, the court shall remand such cases to the Secretary for review in accordance with the provisions of the Social Security Act as amended by this section.

(3) In the case of a recipient of benefits under title II, XVI, or XVIII of the Social Security Act— 42 USC 401, 1381, 1395.

(A) who has been determined not to be entitled to such benefits on the basis of a finding that the physical or mental impairment on the basis of which such benefits were provided has ceased, does not exist, or is not disabling, and

(B) who was a member of a class certified on or before September 19, 1984, in a class action relating to medical improvement pending on September 19, 1984, but was not identified by name as a member of the class on such date,

the court shall remand such case to the Secretary. The Secretary shall notify such individual by certified mail that he may request a review of the determination described in subparagraph (A) based on the provisions of this section and the provisions of the Social Security Act as amended by this section. The amendments made by this section shall apply with respect to such review, and the determination described in subparagraph (A) (and any redetermination resulting from such review) shall be subject to further administrative and judicial review, only if such request is made in a timely manner. 42 USC 1305.

(4) The decision by the Secretary on a case remanded by a court pursuant to this subsection shall be regarded as a new decision on the individual's claim for benefits, which supersedes the final decision of the Secretary. The new decision shall be subject to further administrative review and to judicial review only in conformity with the time limits, exhaustion requirements, and other provisions of section 205 of the Social Security Act and regulations issued by the Secretary in conformity with such section. 42 USC 405.

(5) No class in a class action relating to medical improvement may be certified after September 19, 1984, if the class action seeks judicial review of a decision terminating entitlement (or a period of disability) made by the Secretary of Health and Human Services prior to September 19, 1984.

(6) For purposes of this subsection, the term "action relating to medical improvement" means an action raising the issue of whether an individual who has had his entitlement to benefits under title II, XVI, or XVIII of the Social Security Act based on disability terminated (or period of disability ended) should not have had such entitlement terminated (or period of disability ended) without consideration of whether there has been medical improvement in the condition of such individual (or another individual on whose disability such entitlement is based) since the time of a prior determination that the individual was under a disability.

42 USC 423.

SEC. 3. (a)(1) Section 223(d)(5) of the Social Security Act is amended by inserting after the first sentence the following new sentences: "An individual's statement as to pain or other symptoms shall not alone be conclusive evidence of disability as defined in this section; there must be medical signs and findings, established by medically acceptable clinical or laboratory diagnostic techniques, which show the existence of a medical impairment that results from anatomical, physiological, or psychological abnormalities which could reasonably be expected to produce the pain or other symptoms alleged and which, when considered with all evidence required to be furnished under this paragraph (including statements of the individual or his physician as to the intensity and persistence of such pain or other symptoms which may reasonably be accepted as consistent with the medical signs and findings), would lead to a conclusion that the individual is under a disability. Objective medical evidence of pain or other symptoms established by medically acceptable clinical or laboratory techniques (for example, deteriorating nerve or muscle tissue) must be considered in reaching a conclusion as to whether the individual is under a disability.".

"(C) The plan must provide that each State agency designated under subparagraph (B) will keep such records and afford such access thereto as the Secretary or the State Planning Council finds necessary.

"(D) The plan must provide for such fiscal control and fund accounting procedures as may be necessary to assure the proper disbursement of and accounting for funds paid to the State under this part.

"(2) The plan must—

Post, p. 2676.

"(E) there will be reasonable State financial participation in the cost of carrying out the State plan.

"(4)(A) The plan must provide for the examination not less often than once every three years of the provision, and the need for the provision, in the State of the four priority services.

Such additional areas shall, to the maximum extent feasible, be areas within the priority services.

"(D) The plan must be developed after consideration of the data collected by the State education agency under section 618(b)(3) of the Education of the Handicapped Act.

"(c) The Secretary shall approve any State plan and any modification thereof which complies with the provisions of subsection (b). The Secretary shall not finally disapprove a State plan except after reasonable notice and opportunity for a hearing to the State.

"(d)(1) At the request of any State, a portion of any allotment or allotments of such State under this part for any fiscal year shall be available to pay one-half (or such smaller share as the State may request) of the expenditures found necessary by the Secretary for the proper and efficient administration of the State plan approved under this section; except that not more than 5 per centum of the total of the allotments of such State for any fiscal year, or $50,000, whichever is less, shall be available for the total expenditures for such purpose by all of the State agencies designated under subsection (b)(1)(B) for the administration or supervision of the administration of the State plan. "(A) the population,

"(B) the extent of need for services for persons with developmental disabilities, and

"(C) the financial need,

of the respective States. Sums allotted to the States under this section shall be used in accordance with approved State plans under section 122 for the provision under such plans of services for persons with developmental disabilities.

"(2) Adjustments in the amounts of State allotments based on subparagraphs (A), (B), and (C) of paragraph (1) may be made not more often than annually. The Secretary shall notify States of any adjustment made not less than six months before the beginning of the fiscal year in which such adjustment is to take effect.

"(3)(A) Except as provided in paragraph (4), for any fiscal year the allotment under paragraph (1)—

"(i) to each of American Samoa, Guam, the Virgin Islands, the Commonwealth of the Northern Mariana Islands, or the Trust Territory of the Pacific Islands may not be less than $100,000, and

"(ii) to any other State may not be less than the greater of $250,000, or the amount of the allotment (determined without regard to subsection (d)) received by the State for the fiscal year ending September 30, 1984.

"(B) Notwithstanding subparagraph (A), if the aggregate of the amounts to be allotted to each State pursuant to subparagraph (A) in any fiscal year exceeds the total amount appropriated under section 130 for such fiscal year, the amount to be allotted to a State for such fiscal year shall be an amount which bears the same ratio to the amount which is to be allotted to the State pursuant to such subparagraph as the total amount appropriated under section 130 for such fiscal year bears to the total of the amount required to be appropriated under such section for allotments to provide each State with the allotment required by such subparagraph.

"(4) In any case in which amounts appropriated under section 130 for a fiscal year exceed $47,000,000, the allotment under paragraph (1) for such fiscal year—

"(B) to each of the several States, Puerto Rico, or the District of Columbia, may not be less than $300,000.

"(5) In determining, for purposes of paragraph (1)(B), the extent of need in any State for services for persons with developmental disabilities, the Secretary shall take into account the scope and extent of the services described, pursuant to section 122(b)(2)(C), in the State plan of the State. *Ante*, p. 2670.

"(b) Whenever the State plan approved in accordance with section 122 provides for participation of more than one State agency in administering or supervising the administration of designated portions of the State plan, the State may apportion its allotment among such agencies in a manner which, to the satisfaction of the Secretary, is reasonably related to the responsibilities assigned to such agencies in carrying out the purposes of the State plan. Funds so apportioned to State agencies may be combined with other State or Federal funds authorized to be spent for other purposes, provided the purposes of the State plan will receive proportionate benefit from the combination.

"(c) Whenever the State plan approved in accordance with section 122 provides for cooperative or joint effort between States or between or among agencies, public or private, in more than one State, portions of funds allotted to one or more such cooperating States may be combined in accordance with the agreements between the agencies involved.

"(d) The amount of an allotment to a State for a fiscal year which the Secretary determines will not be required by the State during the period for which it is available for the purpose for which allotted shall be available for reallotment by the Secretary from time to time, on such date or dates as the Secretary may fix (but not earlier than thirty days after the Secretary has published notice of the intention of the Secretary to make such reallotment in the Federal Register), to other States with respect to which such a determination has not been made, in proportion to the original allotments of such States for such fiscal year, but with such proportionate amount for any of such other States being reduced to the extent it exceeds the sum the Secretary estimates such State needs and will be able to use during such period; and the total of such reductions shall be similarly reallotted among the States whose proportionate amounts were not so reduced. Any amount so reallotted to a State for a fiscal year shall be deemed to be a part of its allotment under subsection (a) for such fiscal year.

"PAYMENTS TO THE STATES FOR PLANNING, ADMINISTRATION AND SERVICES

Such payments shall be made from time to time in advance on the basis of estimates by the Secretary of the sums the State will expend under the State plan, except that such adjustments as may be necessary shall be made on account of previously made underpayments or 98 STAT. 2678 overpayments under this section.

"WITHHOLDING OF PAYMENTS FOR PLANNING, ADMINISTRATION AND SERVICES

42 USC 6027.

"SEC. 127. Whenever the Secretary, after reasonable notice and opportunity for hearing to the State Planning Council and the appropriate State agency designated pursuant to section 122(b)(1) finds that—

"(1) there is a failure to comply substantially with any of the provisions required by section 122 to be included in the State plan; or *Ante*, p. 2670.

"(2) there is a failure to comply substantially with any regulations of the Secretary which are applicable to this part,

the Secretary shall notify such State Council and agency or agencies that further payments will not be made to the State under section 125 (or, in the discretion of the Secretary, that further payments will not be made to the State under section 125 for activities in which there is such failure), until the Secretary is satisfied that there will no longer be such failure. Until the Secretary is so satisfied, the Secretary shall make no further payment to the State under section 125, or shall limit further payment under section 125 to such State to activities in which there is no such failure. *Ante*, p. 2676.

"NONDUPLICATION

"SEC. 128. In determining the amount of any State's Federal share of the expenditures incurred by it under a State plan approved under section 122, there shall be disregarded (1) any portion of such expenditures which are financed by Federal funds provided under any provision of law other than section 125, and (2) the amount of any non-Federal funds required to be expended as a condition of receipt of such Federal funds. 42 USC 6028.

"APPEALS BY STATES

"SEC. 129. If any State is dissatisfied with the Secretary's action under section 122(c) or section 127, such State may appeal to the United States court of appeals for the circuit in which such State is located, by filing a petition with such court within sixty days after such action. None of the funds appropriated for "Research and development" and "Space flight, control and data communications" pursuant to this Act may be used in accordance with this subsection for the construction of any major facility, the estimated cost of which, including collateral equipment, exceeds $500,000, unless the Administrator or the Administrator's designee has notified the Speaker of the House of Representatives and the President of the Senate and the Committee on Science and Technology of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate of the nature, location, and estimated cost of such facility.

98 STAT. 424

42 USC 2459a.

(f) When so specified and to the extent provided in an appropriation Act, (1) any amount appropriated for "Research and development," for "Space flight, control and data communications" or for "Construction of facilities" may remain available without fiscal year limitation, and (2) maintenance and operation of facilities, and support services contracts may be entered into under the "Research and program management" appropriation for periods not in excess of twelve months beginning at any time during the fiscal year.

(g) Appropriations made pursuant to subsection (d) may be used, but not to exceed $35,000, for scientific consultations or extraordinary expenses upon the approval or authority of the Administrator and the Administrator's determination shall be final and conclusive upon the accounting officers of the Government.

(h) Of the funds appropriated pursuant to subsections (a), (b), and (d), not in excess of $100,000 for each project, including collateral equipment, may be used for construction of new facilities and additions to existing facilities, and for repair, rehabilitation, or modification of facilities: *Provided,* That, of the funds appropriated pursuant to subsection (a) or (b), not in excess of $500,000 for each project, including collateral equipment, may be used for any of the foregoing for unforeseen programmatic needs.

SEC. 102. (a) Notwithstanding the provisions of section 101(c) of the title, the total amount authorized to be appropriated by such section shall be $5,000,000 less than the sum of the amounts contained in paragraphs (1) through (13) of such section for individual projects.

(b) After the reduction specified in subsection (a) of this section is made, authorization is granted whereby any of the amounts prescribed in paragraphs (1) through (12) inclusive, of section 101(c)—

(1) in the discretion of the Administrator or the Administrator's designee, may be varied upward 10 per centum, or

Report.

(2) following a report by the Administrator or the Administrator's designee to the Committee on Science and Technology of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate on the circumstances of such action, may be varied upward 25 per centum, to meet unusual cost variations, but the total cost of all work authorized under such paragraphs shall not exceed the total of the amounts specified in such paragraphs.

SEC. 103. Not to exceed one-half of 1 per centum of the funds appropriated pursuant to section 101(a) or 101(b) hereof may be transferred to and merged with the "Construction of facilities" appropriation, and, when so transferred, together with $10,000,000 of funds appropriated pursuant to section 101(c) hereof (other than funds appropriated pursuant to paragraph (13) of such section) shall be available for expenditure to construct, expand, and modify laboratories and other installation at any location (including locations specified in section 101(c)), if (1) the Administrator determines such action to be necessary because of changes in the national program of aeronautical and space activities or new scientific or engineering developments, and (2) the Administrator determines that deferral of such action until the enactment of the next authorization Act would be inconsistent with the interest of the Nation in aeronautical and space activities. The funds so made available may be expended to acquire, construct, convert, rehabilitate, or install permanent or temporary public works, including land acquisition, site preparation, appurtenances, utilities, and equipment. No portion of such sums may be obligated for expenditure or expended to construct, expand, or modify laboratories and other installations unless a period of thirty days has passed after the Administrator or the Administrator's designee has transmitted to the Speaker of the House of Representatives and to the President of the Senate and to the Committee on Science and Technology of the House of Representatives and to the Committee on Commerce, Science, and Transportation of the Senate a written report containing a full and complete statement concerning (A) the nature of such construction, expansion, or modification, (B) the cost thereof including the cost of any real estate action pertaining thereto, and (C) the reason why such construction, expansion, or modification is necessary in the national interest.

SEC. 104. Notwithstanding any other provision of this Act—

(1) no amount appropriated pursuant to this Act may be used for any program deleted by the Congress from requests as

originally made to either the House Committee on Science and Technology or the Senate Committee on Commerce, Science, and Transportation;

(2) no amount appropriated pursuant to this Act may be used for any program in excess of the amount actually authorized for that particular program by sections 101(a), 101(b), and 101(d); and

(3) no amount appropriated pursuant to this Act may be used for any program which has not been presented to either such committee;

unless a period of thirty days has passed after the receipt by the Speaker of the House of Representatives and the President of the Senate and each such committee of notice given by the Administrator or the Administrator's designee containing a full and complete statement of the action proposed to be taken and the facts and circumstances relied upon in support of such proposed action.

It is the intent of the Congress that expenditures made from sums appropriated pursuant to the authorization contained in subsection (a)(8) of section 101 of this Act for activities in the advanced turboprop program should be recouped by the National Aeronautics and Space Administration if and when commercially successful products are developed by the aircraft industry as a direct result of such activities. For this purpose the Administrator shall submit to Congress within sixty days of enactment of this Act a plan for the payment to the Administrator of royalties by firms in the aircraft industry with respect to any such products which may be so developed by them.

TITLE II—NATIONAL COMMISSION ON SPACE

PURPOSE

SEC. 201. It is the purpose of this title to establish a National Commission on Space that will assist the United States—

42 USC 2451 note.

(1) to define the long-range needs of the Nation that may be fulfilled through the peaceful uses of outer space;

(2) to maintain the Nation's preeminence in space science, technology, and applications;

(3) to promote the peaceful exploration and utilization of the space environment; and

(4) to articulate goals and develop options for the future direction of the Nation's civilian space program.

FINDINGS

SEC. 202. The Congress finds and declares that—

Congress.
42 USC 2451 note.
42 USC 2451 note.

(1) the National Aeronautics and Space Administration, the lead civilian space agency, as established in the National Aeronautics and Space Act of 1958, as amended, has conducted a space program that has been an unparalleled success, providing significant economic, social, scientific, and national security benefits, and helping to maintain international stability and good will;

(2) the National Aeronautics and Space Act of 1958, as amended (42 U.S.C. 2451 et seq.), has provided the policy framework for achieving this success, and continues to be a sound statutory basis for national efforts in space;

(3) the United States is entering a new era of international competition and cooperation in space, and therefore this Nation must strengthen the commitment of its public and private technical, financial, and institutional resources, so that the United States will not lose its leadership position during this decade;

(4) while there continues to be a crucial Government role in space science, advanced research and development, provision of public goods and services and coordination of national and

international efforts, advances in applications of space technology have raised many issues regarding public and private sector roles and relationships in technology development, applications, and marketing;

(5) the private sector will continue to evolve as a major participant in the utilization of the space environment;

(6) the Nation is committed to a permanently manned space station in low Earth orbit, and future national efforts in space will benefit from the presence of such a station;

(7) the separation of the civilian and military space programs is essential to ensure the continued health and vitality of both; and

(8) the identification of long range goals and policy options for the United States civilian space program through a high level, representational public forum will assist the President and Congress in formulating future policies for the United States civilian space program.

NATIONAL COMMISSION ON SPACE

President of U.S.
42 USC 2451 note.

SEC. 203. (a)(1) The President shall within ninety days of the enactment of this Act establish a National Commission on Space (hereinafter in this title referred to as the "Commission"), which shall be composed of 15 members appointed by the President. While away from their homes or regular places of business, such members may be allowed travel expenses, including per diem in lieu of subsistence, in the same manner as persons employed intermittently in the Government service are allowed under section 5703 of title 5, United States Code. Individuals who are not officers or employees of the United States and who are members of the Commission shall not be considered officers or employees of the United States by reason of receiving payments under this paragraph.

(b)(1) The President shall appoint one individual from each of the following Federal departments and agencies to serve as ex officio, advisory, non-voting members of the Commission (if such department or agency does not already have a member appointed to the Commission pursuant to subsection (a)(1)):

(A) National Aeronautics and Space Administration.
(B) Department of State.
(C) Department of Defense.
(D) Department of Transportation.
(E) Department of Commerce.

Such members shall not participate, except in an advisory capacity, in the formulation of the findings and recommendations of the Commission.

98 STAT. 429

(3) Members of the Commission appointed under this subsection shall not be entitled to receive compensation for service relating to the performance of the duties of the Commission, but shall be entitled to reimbursement for travel expenses incurred while in the actual performance of the duties of the Commission.

(c) The Commission shall appoint and fix the compensation of such personnel as it deems advisable. The Chairman of the Commission shall be responsible for—

(1) the assignment of duties and responsibilities among such personnel and their continuing supervision; and

(2) the use and expenditures of funds available to the Commission.

In carrying out the provisions of this subsection, the Chairman shall act in accordance with the general policies of the Commission.

(d) To the extent permitted by law, the Commission may secure directly from any executive department, agency, or independent instrumentality of the Federal Government any information it deems necessary to carry out its functions under this Act. Each such department, agency, and instrumentality shall cooperate with the Commission and, to the extent permitted by law and upon request of the Chairman of the Commission, furnish such information to the Commission.

(e) The Commission may hold hearings, receive public comment and testimony, initiate surveys, and undertake other appropriate activities to gather the information necessary to carry out its activities under section 204 of this title.

Public Law 98-365
98th Congress

An Act

July 17, 1984
[H.R. 5155]

To establish a system to promote the use of land remote-sensing satellite data, and for other purposes.

Land Remote-Sensing Commercialization Act of 1984.
Communications and telecommunications.
15 USC 4201 note.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, **That this Act may be cited as the "Land Remote-Sensing Commercialization Act of 1984".**

TITLE I—DECLARATION OF FINDINGS, PURPOSES, AND POLICIES

FINDINGS

Congress.
15 USC 4201.

SEC. 101. The Congress finds and declares that—

(1) the continuous civilian collection and utilization of land remote-sensing data from space are of major benefit in managing the Earth's natural resources and in planning and conducting many other activities of economic importance;

Landsat system.

(2) the Federal Government's experimental Landsat system has established the United States as the world leader in land remote-sensing technology;

(3) the national interest of the United States lies in maintaining international leadership in civil remote sensing and in broadly promoting the beneficial use of remote-sensing data;

Defense and national security.

(4) land remote sensing by the Government or private parties of the United States affects international commitments and policies and national security concerns of the United States;

(5) the broadest and most beneficial use of land remote-sensing data will result from maintaining a policy of nondiscriminatory access to data;

(6) competitive, market-driven private sector involvement in land remote sensing is in the national interest of the United States;

(7) use of land remote-sensing data has been inhibited by slow market development and by the lack of assurance of data continuity;

(8) the private sector, and in particular the "value-added" industry, is best suited to develop land remote-sensing data markets;

(9) there is doubt that the private sector alone can currently develop a total land remote-sensing system because of the high risk and large capital expenditure involved;

(10) cooperation between the Federal Government and private industry can help assure both data continuity and United States leadership;

(11) the time is now appropriate to initiate such cooperation with phased transition to a fully commercial system;

(12) such cooperation should be structured to involve the minimum practicable amount of support and regulation by the Federal Government and the maximum practicable amount of competition by the private sector, while assuring continuous availability to the Federal Government of land remote-sensing data;

(13) certain Government oversight must be maintained to assure that private sector activities are in the national interest and that the international commitments and policies of the United States are honored; and

(14) there is no compelling reason to commercialize meteorological satellites at this time.

PURPOSES

SEC. 102. The purposes of this Act are to—

15 USC 4202.

(1) guide the Federal Government in achieving proper involvement of the private sector by providing a framework for phased commercialization of land remote sensing and by assuring continuous data availability to the Federal Government;

(2) maintain the United States worldwide leadership in civil remote sensing, preserve its national security, and fulfill its international obligations;

Defense and national security.

(3) minimize the duration and amount of further Federal investment necessary to assure data continuity while achieving commercialization of civil land remote sensing;

(4) provide for a comprehensive civilian program of research, development, and demonstration to enhance both the United States capabilities for remote sensing from space and the application and utilization of such capabilities; and

(5) prohibit commercialization of meteorological satellites at this time.

POLICIES

SEC. 103. (a) It shall be the policy of the United States to preserve its right to acquire and disseminate unenhanced remote-sensing data.

15 USC 4203.

(b) It shall be the policy of the United States that civilian unenhanced remote-sensing data be made available to all potential users on a nondiscriminatory basis and in a manner consistent with applicable antitrust laws.

(c) It shall be the policy of the United States both to commercialize those remote-sensing space systems that properly lend themselves to private sector operation and to avoid competition by the Government with such commercial operations, while continuing to preserve our national security, to honor our international obligations, and to retain in the Government those remote-sensing functions that are essentially of a public service nature.

Defense and national security.

DEFINITIONS

15 USC 4204. SEC. 104. For purposes of this Act:

(1) The term "Landsat system" means Landsats 1, 2, 3, 4, and 5, and any related ground equipment, systems, and facilities, and any successor civil land remote-sensing space systems operated by the United States Government prior to the commencement of the six-year period described in title III.

98 STAT. 453 (2) The term "Secretary" means the Secretary of Commerce.

(3)(A) The term "nondiscriminatory basis" means without preference, bias, or any other special arrangement (except on the basis of national security concerns pursuant to section 607) regarding delivery, format, financing, or technical considerations which would favor one buyer or class of buyers over another.

(B) The sale of data is made on a nondiscriminatory basis only if (i) any offer to sell or deliver data is published in advance in such manner as will ensure that the offer is equally available to all prospective buyers; (ii) the system operator has not established or changed any price, policy, procedure, or other term or condition in a manner which gives one buyer or class of buyer de facto favored access to data; (iii) the system operator does not make unenhanced data available to any purchaser on an exclusive basis; and (iv) in a case where a system operator offers volume discounts, such discounts are no greater than the demonstrable reductions in the cost of volume sales. The sale of data on a nondiscriminatory basis does not preclude the system operator from offering discounts other than volume discounts to the extent that such discounts are consistent with the provisions of this paragraph.

(C) The sale of data on a nondiscriminatory basis does not require (i) that a system operator disclose names of buyers or their purchases; (ii) that a system operator maintain all, or any particular subset of, data in a working inventory; or (iii) that a system operator expend equal effort in developing all segments of a market.

(4) The term "unenhanced data" means unprocessed or minimally processed signals or film products collected from civil remote-sensing space systems. Such minimal processing may include rectification of distortions, registration with respect to features of the Earth, and calibration of spectral response. Such minimal processing does not include conclusions, manipulations, or calculations derived from such signals or film products or combination of the signals or film products with other data or information.

(5) The term "system operator" means a contractor under title II or title III or a license holder under title IV.

TITLE II—OPERATION AND DATA MARKETING OF LANDSAT SYSTEM

OPERATION

15 USC 4211. SEC. 201. (a) The Secretary shall be responsible for—

(1) the Landsat system, including the orbit, operation, and disposition of Landsats 1, 2, 3, 4, and 5; and

(2) provision of data to foreign ground stations under the terms of agreements between the United States Government and nations that operate such ground stations which are in force on the date of commencement of the contract awarded pursuant to this title.

(b) The provisions of this section shall not affect the Secretary's authority to contract for the operation of part or all of the Landsat system, so long as the United States Government retains—

(1) ownership of such system;

(2) ownership of the unenhanced data; and

(3) authority to make decisions concerning operation of the system. 98 STAT. 454

CONTRACT FOR MARKETING OF UNENHANCED DATA

15 USC 4212.

SEC. 202. (a) In accordance with the requirements of this title, the Secretary, by means of a competitive process and to the extent provided in advance by appropriation Acts, shall contract with a United States private sector party (as defined by the Secretary) for the marketing of unenhanced data collected by the Landsat system. Any such contract—

(1) shall provide that the contractor set the prices of unenhanced data;

(2) may provide for financial arrangements between the Secretary and the contractor including fees for operating the system, payments by the contractor as an initial fee or as a percentage of sales receipts, or other such considerations;

(3) shall provide that the contractor will offer to sell and deliver unenhanced data to all potential buyers on a nondiscriminatory basis;

(4) shall provide that the contractor pay to the United States Government the full purchase price of any unenhanced data that the contractor elects to utilize for purposes other than sale;

(5) shall be entered into by the Secretary only if the Secretary has determined that such contract is likely to result in net cost savings for the United States Government; and

(6) may be rewarded competitively after the practical demise of the space segment of the Landsat system, as determined by the Secretary.

(b) Any contract authorized by subsection (a) may specify that the contractor use, and, at his own expense, maintain, repair, or modify, such elements of the Landsat system as the contractor finds necessary for commercial operations.

Congress.

(c) Any decision or proposed decision by the Secretary to enter into any such contract shall be transmitted to the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Science and Technology of the House of Representatives for their review. No such decision or proposed decision shall be implemented unless (A) a period of thirty calendar days has passed after the receipt by each such committee of such transmittal, or (B) each such committee before the expiration of such period has agreed to transmit and has transmitted to the Secretary written notice to the effect that such committee has no objection to the decision or proposed decision. As part of the transmittal, the Secretary shall include information on the terms of the contract described in subsection (a).

(d) In defining "United States private sector party" for purposes of this Act, the Secretary may take into account the citizenship of key personnel, location of assets, foreign ownership, control, influence, and other such factors.

CONDITIONS OF COMPETITION FOR CONTRACT

15 USC 4213.

SEC. 203. (a) The Secretary shall, as part of the advertisement for the competition for the contract authorized by section 202, identify and publish the international obligations, national security concerns (with appropriate protection of sensitive information), domestic 98 STAT. 455 legal considerations, and any other standards or conditions which a private contractor shall be required to meet.

(b) In selecting a contractor under this title, the Secretary shall consider—

(1) ability to market aggressively unenhanced data;

(2) the best overall financial return to the Government, including the potential cost savings to the Government that are likely to result from the contract;

(3) ability to meet the obligations, concerns, considerations, standards, and conditions identified under subsection (a);

(4) technical competence, including the ability to assure continuous and timely delivery of data from the Landsat system;

(5) ability to effect a smooth transition with the contractor selected under title III; and

(6) such other factors as the Secretary deems appropriate and relevant.

Report. (c) If, as a result of the competitive process required by section 202(a), the Secretary receives no proposal which is acceptable under the provisions of this title, the Secretary shall so certify and fully report such finding to the Congress. As soon as practicable but not later than thirty days after so certifying and reporting, the Secretary shall reopen the competitive process. The period for the subsequent competitive process shall not exceed one hundred and twenty days. If, after such subsequent competitive process, the Secretary receives no proposal which is acceptable under the provisions of this title, the Secretary shall so certify and fully report such finding to the Congress. In the event that no acceptable proposal is received, the Secretary shall continue to market data from the Landsat system.

(d) A contract awarded under section 202 may, in the discretion of the Secretary, be combined with the contract required by title III, pursuant to section 304(b).

SALE OF DATA

15 USC 4214. SEC. 204. (a) After the date of the commencement of the contract described in section 202(a), the contractor shall be entitled to revenues from sales of copies of data from the Landsat system, subject to the conditions specified in sections 601 and 602.

(b) The contractor may continue to market data previously generated by the Landsat system after the demise of the space segment of that system.

FOREIGN GROUND STATIONS

15 USC 4215. SEC. 205. (a) The contract under this title shall provide that the contractor shall act as the agent of the Secretary by continuing to supply unenhanced data to foreign ground stations for the life, and according to the terms, of those agreements between the United States Government and such foreign ground stations that are in force on the date of the commencement of the contract.

(b) Upon the expiration of such agreements, or in the case of foreign ground stations that have no agreement with the United States on the date of commencement of the contract, the contract shall provide—

(1) that unenhanced data from the Landsat system shall be made available to foreign ground stations only by the contractor; and

(2) that such data shall be made available on a nondiscriminatory basis.

TITLE III—PROVISION OF DATA CONTINUITY AFTER THE LANDSAT SYSTEM

PURPOSES AND DEFINITION

15 USC 4221. SEC. 301. (a) It is the purpose of this title—

(1) to provide, in an orderly manner and with minimal risk, for a transition from Government operation to private, commercial operation of civil land remote-sensing systems; and

(2) to provide data continuity for six years after the practical demise of the space segment of the Landsat system.

(b) For purposes of this title, the term "data continuity" means the continued availability of unenhanced data—

(1) including data which are from the point of view of a data user—

(A) functionally equivalent to the multispectral data generated by the Landsat 1 and 2 satellites; and

(B) compatible with such data and with equipment used to receive and process such data; and

(2) at an annual volume at least equal to the Federal usage during fiscal year 1983.

(c) Data continuity may be provided using whatever technologies are available.

The Secretary shall solicit proposals from United States private sector parties (as defined by the Secretary pursuant to section 202) for a contract for the development and operation of a remote-sensing space system capable of providing data continuity for a period of six years and for marketing unenhanced data in accordance with the provisions of sections 601 and 602. Such proposals, at a minimum, shall specify—

(1) the quantities and qualities of unenhanced data expected from the system;

(2) the projected date upon which operations could begin;

(3) the number of satellites to be constructed and their expected lifetimes;

(4) any need for Federal funding to develop the system;

(5) any percentage of sales receipts or other returns offered to the Federal Government;

(6) plans for expanding the market for land remote-sensing data; and

(7) the proposed procedures for meeting the national security concerns and international obligations of the United States in accordance with section 607.

AWARDING OF THE CONTRACT

15 USC 4223.

SEC. 303. (a)(1) In accordance with the requirements of this title, the Secretary shall evaluate the proposals described in section 302 and, by means of a competitive process and to the extent provided in advance by appropriation Acts, shall contract with the United States private sector party for the capability of providing data continuity for a period of six years and for marketing unenhanced data.

98 STAT. 457

(2) Before commencing space operations the contractor shall obtain a license under title IV.

(b) As part of the evaluation described in subsection (a), the Secretary shall analyze the expected outcome of each proposal in terms of—

(1) the net cost to the Federal Government of developing the recommended system;

(2) the technical competence and financial condition of the contractor;

(3) the availability of such data after the expected termination of the Landsat system;

(4) the quantities and qualities of data to be generated by the recommended system;

(5) the contractor's ability to supplement the requirement for data continuity by adding, at the contractor's expense, remote-sensing capabilities which maintain United States leadership in remote sensing;

(6) the potential to expand the market for data;

(7) expected returns to the Federal Government based on any percentage of data sales or other such financial consideration offered to the Federal Government in accordance with section 305;

(8) the commercial viability of the proposal;

(9) the proposed procedures for satisfying the national security concerns and international obligations of the United States;

(10) the contractor's ability to effect a smooth transition with any contractor selected under title II; and

(11) such other factors as the Secretary deems appropriate and relevant.

Congress.

(c) Any decision or proposed decision by the Secretary to enter into any such contract shall be transmitted to the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Science and Technology of the House of Representatives for their review. No such decision or proposed decision shall be implemented unless (1) a period of thirty calendar days has passed after the receipt by each such committee of such transmittal, or (2) each such committee before the expiration of such period has agreed to transmit and has transmitted to the Secretary written notice to the effect that such committee has no objection to the decision or proposed decision. As part of the transmittal, the Secretary shall include the information specified in subsection (a).

Report.

(d) If, as a result of the competitive process required by this section, the Secretary receives no proposal which is acceptable under the provisions of this title, the Secretary shall so certify and fully report such finding to the Congress. As soon as practicable but not later than thirty days after so certifying and reporting, the Secretary shall reopen the competitive process. The period for the subsequent competitive process shall not exceed one hundred and eighty days. If, after such subsequent competitive process, the Secretary receives no proposal which is acceptable under the provisions of this title, the Secretary shall so certify and fully report such finding to the Congress. Not earlier than ninety days after such certification and report, the Secretary may assure data continuity by procurement and operation by the Federal Government of the necessary systems, to the extent provided in advance by appropriation Acts.

Such determination shall be submitted to the President and the Congress, together with a full statement of the basis for such determination.

(2) If the Secretary determines that such contract does not reasonably effectuate the requirements of title II, the Secretary shall promptly carry out the provisions of such title to the extent provided in advance in appropriations Acts.

TITLE VI—GENERAL PROVISIONS

NONDISCRIMINATORY DATA AVAILABILITY

Public availability. 15 USC 4271.

SEC. 601. (a) Any unenhanced data generated by any system operator under the provisions of this Act shall be made available to all users on a nondiscriminatory basis in accordance with the requirements of this Act.

(b) Any system operator shall make publicly available the prices, policies, procedures, and other terms and conditions (but, in accordance with section 104(3)(C), not necessarily the names of buyers or their purchases) upon which the operator will sell such data.

ARCHIVING OF DATA

SEC. 602. (a) It is in the public interest for the United States Government—

(1) to maintain an archive of land remote-sensing data for historical, scientific, and technical purposes, including long-term global environmental monitoring;

(2) to control the content and scope of the archive; and

(3) to assure the quality, integrity, and continuity of the archive.

(b) The Secretary shall provide for long-term storage, maintenance, and upgrading of a basic, global, land remote-sensing data set (hereinafter referred to as the "basic data set") and shall follow reasonable archival practices to assure proper storage and preservation of the basic data set and timely access for parties requesting data. The basic data set which the Secretary assembles in the Government archive shall remain distinct from any inventory of data which a system operator may maintain for sales and for other purposes.

(c) In determining the initial content of, or in upgrading, the basic data set, the Secretary shall—

(1) use as a baseline the data archived on the date of enactment of this Act;

(2) take into account future technical and scientific developments and needs;

(3) consult with and seek the advice of users and producers of remote-sensing data and data products;

(4) consider the need for data which may be duplicative in terms of geographical coverage but which differ in terms of season, spectral bands, resolution, or other relevant factors;

(5) include, as the Secretary considers appropriate, unenhanced data generated either by the Landsat system, pursuant to title III, or by licensees under title IV;

(6) include, as the Secretary considers appropriate, data collected by foreign ground stations or by foreign remote-sensing space systems; and

(7) ensure that the content of the archive is developed in accordance with section 607.

(d) Subject to the availability of appropriations, the Secretary shall request data needed for the basic data set and pay to the providing system operator reasonable costs for reproduction and transmission. A system operator shall promptly make requested data available in a form suitable for processing for archiving.

Marketing.

(e) Any system operator shall have the exclusive right to sell all data that the operator provides to the United States remote-sensing data archive for a period to be determined by the Secretary but not to exceed ten years from the date the data are sensed. In the case of data generated from the Landsat system prior to the implementation of the contract described in section 202(a), any contractor selected pursuant to section 202 shall have the exclusive right to market such data on behalf of the United States Government for the duration of such contract. A system operator may relinquish the exclusive right and consent to distribution from the archive before the period of exclusive right has expired by terminating the offer to sell particular data.

REIMBURSEMENT FOR ASSISTANCE

15 USC 4274.

SEC. 604. The Administrator of the National Aeronautics and Space Administration, the Secretary of Defense and the heads of other Federal agencies may provide assistance to system operators under the provisions of this Act. Substantial assistance shall be reimbursed by the operator, except as otherwise provided by law.

ACQUISITION OF EQUIPMENT

15 USC 4275.

SEC. 605. The Secretary may, by means of a competitive process, allow a licensee under title IV or any other private party to buy, lease, or otherwise acquire the use of equipment from the Landsat system, when such equipment is no longer needed for the operation of such system or for the sale of data from such system. Officials of other Federal civilian agencies are authorized and encouraged to cooperate with the Secretary in carrying out the provisions of this section.

RADIO FREQUENCY ALLOCATION

President of U.S. 15 USC 4276.

SEC. 606. (a) Within thirty days after the date of enactment of this Act, the President (or the President's delegee, if any, with authority over the assignment of frequencies to radio stations or classes of radio stations operated by the United States) shall make available for nongovernmental use spectrum presently allocated to Government use, for use by United States Landsat and commercial remote-sensing space systems. The spectrum to be so made available shall conform to any applicable international radio or wire treaty or convention, or regulations annexed thereto. Within ninety days thereafter, the Federal Communications Commission shall utilize appropriate procedures to authorize the use of such spectrum for nongovernmental use. Nothing in this section shall preclude the ability of the Commission to allocate additional spectrum to commercial land remote-sensing space satellite system use.

47 USC 609.

(b) To the extent required by the Communications Act of 1934, as amended (47 U.S.C. 151 et seq.), an application shall be filed with the Federal Communications Commission for any radio facilities involved with the commercial remote-sensing space system.

(c) It is the intent of Congress that the Federal Communications Commission complete the radio licensing process under the Communications Act of 1934, as amended (47 U.S.C. 151 et seq.), upon the application of any private sector party or consortium operator of any commercial land remote-sensing space system subject to this Act, within one hundred and twenty days of the receipt of an application for such licensing. If final action has not occurred within one hundred and twenty days of the receipt of such an application, the Federal Communications Commission shall inform the applicant of any pending issues and of actions required to resolve them.

(d) Authority shall not be required from the Federal Communications Commission for the development and construction of any

United States land remote-sensing space system (or component thereof), other than radio transmitting facilities or components, while any licensing determination is being made.

(e) Frequency allocations made pursuant to this section by the Federal Communications Commission shall be consistent with international obligations and with the public interest.

CONSULTATION

Defense and national security. 15 USC 4277.

SEC. 607. (a) The Secretary shall consult with the Secretary of Defense on all matters under this Act affecting national security. The Secretary of Defense shall be responsible for determining those conditions, consistent with this Act, necessary to meet national security concerns of the United States and for notifying the Secretary promptly of such conditions.

(b)(1) The Secretary shall consult with the Secretary of State on all matters under this Act affecting international obligations. The Secretary of State shall be responsible for determining those conditions, consistent with this Act, necessary to meet international obligations and policies of the United States and for notifying the Secretary promptly of such conditions.

(2) Appropriate Federal agencies are authorized and encouraged to provide remote-sensing data, technology, and training to developing nations as a component of programs of international aid.

98 STAT. 466

(3) The Secretary of State shall promptly report to the Secretary any instances outside the United States of discriminatory distribution of data.

(c) If, as a result of technical modifications imposed on a system operator on the basis of national security concerns, the Secretary, in consultation with the Secretary of Defense or with other Federal agencies, determines that additional costs will be incurred by the system operator, or that past development costs (including the cost of capital) will not be recovered by the system operator, the Secretary may require the agency or agencies requesting such technical modifications to reimburse the system operator for such additional or development costs, but not for anticipated profits. Reimbursements may cover costs associated with required changes in system performance, but not costs ordinarily associated with doing business abroad.

98 STAT. 1242

Public Law 98-373
98th Congress

An Act

July 31, 1984
[S. 373]

To provide for a comprehensive national policy dealing with national research needs and objectives in the Arctic, for a National Critical Materials Council, for development of a continuing and comprehensive national materials policy, for programs necessary to carry out that policy, including Federal programs of advanced materials research and technology, and for innovation in basic materials industries, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

Arctic Research and Policy Act of 1984.

TITLE I—ARCTIC RESEARCH AND POLICY

SHORT TITLE

15 USC 4101 note.

Sec. 101. This title may be cited as the "Arctic Research and Policy Act of 1984".

FINDINGS AND PURPOSES

15 USC 4101.

Sec. 102. (a) The Congress finds and declares that—

(1) the Arctic, onshore and offshore, contains vital energy resources that can reduce the Nation's dependence on foreign oil and improve the national balance of payments;

(2) as the Nation's only common border with the Soviet Union, the Arctic is critical to national defense;

(3) the renewable resources of the Arctic, specifically fish and other seafood, represent one of the Nation's greatest commercial assets;

(4) Arctic conditions directly affect global weather patterns

and must be understood in order to promote better agricultural management throughout the United States;

(5) industrial pollution not originating in the Arctic region collects in the polar air mass, has the potential to disrupt global weather patterns, and must be controlled through international cooperation and consultation;

(6) the Arctic is a natural laboratory for research into human health and adaptation, physical and psychological, to climates of extreme cold and isolation and may provide information crucial for future defense needs;

(7) atmospheric conditions peculiar to the Arctic make the Arctic a unique testing ground for research into high latitude communications, which is likely to be crucial for future defense needs;

(8) Arctic marine technology is critical to cost-effective recovery and transportation of energy resources and to the national defense;

(9) the United States has important security, economic, and environmental interests in developing and maintaining a fleet of icebreaking vessels capable of operating effectively in the heavy ice regions of the Arctic;

98 STAT. 1243

(10) most Arctic-rim countries, particularly the Soviet Union, possess Arctic technologies far more advanced than those currently available in the United States;

(11) Federal Arctic research is fragmented and uncoordinated at the present time, leading to the neglect of certain areas of research and to unnecessary duplication of effort in other areas of research;

(12) improved logistical coordination and support for Arctic research and better dissemination of research data and information is necessary to increase the efficiency and utility of national Arctic research efforts;

(13) a comprehensive national policy and program plan to organize and fund currently neglected scientific research with respect to the Arctic is necessary to fulfill national objectives in Arctic research;

(14) the Federal Government, in cooperation with State and local governments, should focus its efforts on the collection and characterization of basic data related to biological, materials, geophysical, social, and behavioral phenomena in the Arctic;

(15) research into the long-range health, environmental, and social effects of development in the Arctic is necessary to mitigate the adverse consequences of that development to the land and its residents;

(16) Arctic research expands knowledge of the Arctic, which can enhance the lives of Arctic residents, increase opportunities for international cooperation among Arctic-rim countries, and facilitate the formulation of national policy for the Arctic; and

(17) the Alaskan Arctic provides an essential habitat for marine mammals, migratory waterfowl, and other forms of wildlife which are important to the Nation and which are essential to Arctic residents.

(b) The purposes of this title are—

(1) to establish national policy, priorities, and goals and to provide a Federal program plan for basic and applied scientific research with respect to the Arctic, including natural resources and materials, physical, biological and health sciences, and social and behavioral sciences;

(2) to establish an Arctic Research Commission to promote Arctic research and to recommend Arctic research policy;

(3) to designate the National Science Foundation as the lead agency responsible for implementing Arctic research policy; and

(4) to establish an Interagency Arctic Research Policy Committee to develop a national Arctic research policy and a five year plan to implement that policy.

Establishment.

ARCTIC RESEARCH COMMISSION

15 USC 4102.

SEC. 103. (a) The President shall establish an Arctic Research Commission (hereafter referred to as the "Commission").

(b)(1) The Commission shall be composed of five members appointed by the President, with the Director of the National Science Foundation serving as a nonvoting, ex officio member. The members appointed by the President shall include—

(A) three members appointed from among individuals from academic or other research institutions with expertise in areas of research relating to the Arctic, including the physical, biological, health, environmental, social, and behavioral sciences;

National Critical Materials Act of 1984.

TITLE II—NATIONAL CRITICAL MATERIALS ACT OF 1984

SHORT TITLE

30 USC 1801 note.

SEC. 201. This title may be cited as the "National Critical Materials Act of 1984".

98 STAT. 1249

FINDINGS AND PURPOSES

30 USC 1801.

SEC. 202. (a) The Congress finds that—

(1) the availability of adequate supplies of strategic and critical industrial minerals and materials continues to be essential for national security, economic well-being, and industrial production;

(2) the United States is increasingly dependent on foreign sources of materials and vulnerable to supply interruption in the case of many of those minerals and materials essential to the Nation's defense and economic well-being;

(3) together with increasing import dependence, the Nation's industrial base, including the capacity to process minerals and materials, is deteriorating—both in terms of facilities and in terms of a trained labor force;

(4) research, development, and technological innovation, especially related to improved materials and new processing technologies, are important factors which affect our long-term capability for economic competitiveness, as well as for adjustment to interruptions in supply of critical minerals and materials;

(5) while other nations have developed and implemented specific long-term research and technology programs to develop high-performance materials, no such policy and program evolution has occurred in the United States;

(6) establishing critical materials reserves, by both the public and private sectors and with proper organization and management, represents one means of responding to the genuine risks to our economy and national defense from dependency on foreign sources;

(7) there exists no single Federal entity with the authority and responsibility for establishing critical materials policy and for coordinating and implementing that policy; and

(8) the importance of materials to national goals requires an organizational means for establishing responsibilities for materials programs and for the coordination, within and at a suitably high level of the Executive Office of the President, with other existing policies within the Federal Government.

(b) It is the purpose of this title—

(1) to establish a National Critical Materials Council under and reporting to the Executive Office of the President which shall—

(A) establish responsibilities for and provide for necessary coordination of critical materials policies, including all facets of research and technology, among the various agencies and departments of the Federal Government, and make recommendations for the implementation of such policies;

(B) bring to the attention of the President, the Congress, and the general public such materials issues and concerns, including research and development, as are deemed critical to the economic and strategic health of the Nation; and

(C) ensure adequate and continuing consultation with the private sector concerning critical materials, materials research and development, use of materials, Federal materials policies, and related matters;

(2) to establish a national Federal program for advanced materials research and technology, including basic phenomena through processing and manufacturing technology; and

(3) to stimulate innovation and technology utilization in basic as well as advanced materials industries.

ESTABLISHMENT OF THE NATIONAL CRITICAL MATERIALS COUNCIL

30 USC 1802.

SEC. 203. There is hereby established a National Critical Materials Council (hereinafter referred to as the "Council") under and reporting to the Executive Office of the President. The Council shall be composed of three members who shall be appointed by the President and who shall serve at the pleasure of the President. Members so appointed who are not already Senate-confirmed officers of the Government shall be appointed by and with the advice and consent of the Senate. The President shall designate one of the members to serve as Chairman. Each member shall be a person who, as a result of training, experience, and achievement, is qualified to carry out the duties and functions of the Council, with particular emphasis placed on fields relating to materials policy or materials science and engineering. In addition, at least one of the members shall have a background in and understanding of environmentally related issues.

(4) to monitor and evaluate the critical materials needs of basic and advanced technology industries and the Government, including the critical materials research and development needs of the private and public sectors;

(5) to advise the President of mineral and material trends, both domestic and foreign, the implications thereof for the United States and world economies and the national security, and the probable effects of such trends on domestic industries;

(6) to assess through consultation with the materials academic

community the adequacy and quality of materials-related educational institutions and the supply of materials scientists and engineers;

(7) to make or furnish such studies, analyses, reports, and recommendations with respect to matters of materials-related policy and legislation as the President may request;

Report

(8)(A) to prepare a report providing a domestic inventory of critical materials with projections on the prospective needs of Government and industry for these materials, including a long-range assessment, prepared in conjunction with the Office of Science and Technology Policy in accordance with the National Materials and Minerals Policy, Research and Development Act of 1980, and in conjunction with such other Government departments or agencies as may be considered necessary, of the prospective major critical materials problems which the United States is likely to confront in the immediate years ahead and providing advice as to how these problems may best be addressed, with the first such report being due on April 1, 1985, and (B) review and update such report and assessment as appropriate and report thereon to the Congress at least biennially; and

Such policies and programs shall be consistent with the policies and goals described in the National Materials and Minerals Policy, Research and Development Act of 1980. In carrying out this responsibility the Council shall—

(1)(A) establish a national Federal program plan for advanced materials research and development, recommend the designation of the key responsibilities for carrying out such research, and to provide for coordination of this plan with the Office of Science and Technology Policy, the Office of Management and Budget, and such other Federal offices and agencies as may be deemed appropriate, and (B) annually review such plan and report thereon to the Congress;

"(4)(A) If the Secretary determines, upon request by a Governor under paragraph (1) of this subsection or on the Secretary's own initiative, that any segment of the National System of Interstate and Defense Highways is not capable of safely accommodating motor vehicles having the lengths set forth in subsection (a) of this section or motor vehicle combinations described in subsection (c) of this section, the Secretary shall exempt such segment from one or both of such subsections. If the Secretary determines that such determination will not be made within such time period, the Secretary shall immediately notify the Congress and shall furnish the reasons for the delay, information regarding the resources assigned, and the projected completion date, for any such determination.

"(C) The Secretary shall make such determination only after affording interested parties notice and the opportunity for comment. If the Secretary determines that a substantial health or safety violation exists or has occurred which could reasonably lead to, or has resulted in, serious personal injury or death, the Secretary may assess a civil penalty not to exceed $10,000 for each offense. Notwithstanding any other provision of this section, except for recordkeeping violations, no civil penalty shall be assessed under this section against an employee for a violation unless the Secretary determines that such employee's actions constituted gross negligence or reckless disregard for safety, in which case such employee shall be liable for a civil penalty not to exceed $1,000. In each case, the assessment shall be calculated to induce further compliance.

No objection that has not been urged before the Secretary shall be considered by the court, unless reasonable grounds existed for failure or neglect to do so. The commencement of proceedings under this subsection shall not, unless ordered by the court, operate as a stay of the order of the Secretary.

(1) Many veterans with service-connected disabilities and other veterans eligible for certain health-care services from the Veterans' Administration, within the limits of Veterans' Administration facilities, reside in areas of the United States that are geographically remote from health-care facilities over which the Administrator of Veterans' Affairs has direct jurisdiction.

(2) For many such veterans such health-care facilities are geographically inaccessible and for many other such veterans the inconvenience of travel to such facilities discourages them from seeking health-care services from the Veterans' Administration.

(3) A study conducted by the Administrator of eligible veterans residing in remote areas and the use by those veterans of Veterans' Administration health-care services would provide useful information on the feasibility and appropriateness of alternative approaches to furnishing health-care services to such veterans.

Study.

(b)(1) The Administrator shall carry out a study to develop information about veterans who reside in remote areas and are eligible for health-care services from the Veterans' Administration and to develop alternative approaches that could be adopted to furnish such veterans with such services. In carrying out the study, the Administrator shall develop the following information:

(A) To the maximum extent feasible, statistics on the number of eligible veterans who, during fiscal year 1985—

(i) reside less than fifty miles from the nearest Veterans' Administration medical facility,

(ii) reside between fifty miles and one hundred miles from the nearest Veterans' Administration medical facility,

(iii) reside between one hundred miles and two hundred miles from the nearest Veterans' Administration medical facility, and

(iv) reside more than two hundred miles from the nearest Veterans' Administration medical facility.

(B) Statistics, shown by each group of veterans described in clause (A), on the numbers of eligible veterans who, during fiscal year 1985—

(i) use Veterans' Administration medical facilities,

(ii) receive inpatient care in such facilities (including the typical lengths of stay of such veterans in such facilities),

(iii) receive outpatient care from such facilities, and

(iv) receive followup health-care services from such facilities.

(C) Such additional statistics and such additional information as the Administrator considers appropriate.

(D) Breakdowns of the statistics described in clauses (A) and (B) with respect to age, service connection, and financial need regarding the applicable veteran populations.

Reports.

(2) Not later than January 1, 1986, the Administrator shall submit to the Committees on Veterans' Affairs of the Senate and House of Representatives a full report on the study under paragraph (1). The report shall include—

(A) the statistics and breakdown developed and information gathered under that paragraph;

(B) the Administrator's findings on the extent of the need for the Veterans' Administration to increase health-care services in remote areas; and

(C) the Administrator's findings and recommendations regarding the advantages and disadvantages of the Veterans' Administration contracting for and making other arrangements for the furnishing of health-care services to eligible veterans in remote areas.

(3) Not later than July 1, 1986, the Administrator shall submit to such committees a report describing an experimental program that could feasibly be carried out through projects in five remote areas, selected on the basis of the information and findings included in the report under paragraph (2), to demonstrate alternative approaches for the Veterans' Administration to furnish health-care services to eligible veterans in remote areas. The report shall include a description of the health-care services, and a detailed breakdown of the costs for them, that could be furnished under such an experimental program to such veterans in each such area, along with the recommendations (and the reasons therefor) of the Administrator regarding whether any such project should be carried out and such recommendations for legislative or administrative action as the Administrator considers appropriate in light of the information contained in the report.

The Administrator may carry out the preceding sentence subject to such terms and conditions as the Administrator requires in order to protect the interests of the United States.

(b) The real property referred to in subsection (a) is the property transferred to the State of California for the use of the University of California by a quitclaim deed dated December 10, 1948, executed by the Administrator of Veterans' Affairs under the Act entitled "An Act to authorize the Administrator of Veterans' Affairs to transfer a portion of the Veterans' Administration center at Los Angeles, California, to the State of California for the use of the University of California", approved June 19, 1948 (62 Stat. 559), and recorded in the land records of the County of Los Angeles, California, at page 307 of book 29032.

(c) Any document executed to carry out subsection (a) of this section shall provide that the property involved shall revert to the United States if it ceases to be used as a research and medical center or for educational or cultural purposes.

[1] Excludes $8,698,269,000 for the Commodity Credit Corporation shown in President's budget as "permanent Federal funds" but reflected in this document as a "direct appropriation" of $8,350,000,000 (see pp. 83 and 1866, this volume).

[2] Section 401 of the Congressional Budget and Impoundment Control Act of 1974 (Public Law 93-344) requires that all borrowing and contracting authority (so called "backdoor authority") enacted after March 3, 1975 be subject to subsequent appropriation action with certain exceptions which are listed under Sec. 401(d) of the Act (see p. 1956 in the 1974-1975 volume for text of Sec. 401(d)). This amount represents budget authority which falls within those exceptions.

[3] Excludes $323,000,000 appropriated in fiscal year 1984 to liquidate "indefinite" budget authority provided in fiscal year 1983 for certain programs in the Department of Health and Human Services (see footnote 7 on p. 1129, 1983-1984 volume, for accounts involved).

[4] Excludes $429,786,000 appropriated in fiscal year 1985 to liquidate "indefinite" budget authority provided in fiscal year 1984 for certain programs in the Department of Health and Human Services (see footnote 5 on p. 1905, this volume, for accounts involved).

[11] For informational purposes only. Amount included in net total for "regular annual appropriation acts" earlier in table.

[12] See pp. 617-624 and pp. 625-628A for status reports on rescissions and deferrals. Deferrals that took effect because no action was taken by the Congress are not shown on this table.

[13] Excludes estimates for three appropriation bills; Transportation, Foreign Assistance, and Defense, which did not pass the House except as part of the Continuing Resolution (P.L. 98-473).

[14] Excludes five appropriation bills; Transportation, Interior, Foreign Assistance, Military Construction, and Defense, which did not pass the Senate except as part of the Continuing Resolution (P.L. 98-473).

NOTE.—The President's Budget for 1985 submitted February 1, 1984 (H. Doc. 98-138), tentatively estimated total new budget (obligational) authority for fiscal year 1985 at $1.07 trillion net ($1,189.7 billion gross, including $183.2 billion in intragovernmental transactions and certain so-called proprietary receipts handled as offsets for budget purposes only). An estimated $628.9 billion does not require action by Congress. This amount includes permanent appropriations such as interest on the public debt and various trust funds for which the obligational authority is already provided in the basic law. Virtually all of the remaining $560.8 billion is for consideration at this session of Congress in the appropriations bills. Approximately $9.3 billion of the $560.8 billion was shown in the February budget as being "for later transmittal" for supplemental requirements under present law, new legislation, allowances, and for contingencies and civilian pay raises.

AGRICULTURE, RURAL DEVELOPMENT, AND RELATED AGENCIES APPROPRIATION BILL, 1985 (H.R. 5743)—Continued

[NOTE.—The Agriculture, Rural Development, and Related Agencies Appropriation Bill, 1985 (H.R. 5743) was not approved by the Congress. The bill was reported by the Committee on Appropriations of the House of Representatives on May 30, 1984, and was passed by the House on June 6, 1984. H.R. 5743 was enrolled when the conference report was filed in the House on September 25, 1984, however, the conference report did not advance in the legislative process. Programs normally funded in this bill have been provided for under Sec. 101(a) of Public Law 98-473, approved October 12, 1984. The continuing resolution provided such sums as may be necessary for programs, projects, or activities provided for in the Agriculture, Rural Development, and Related Agencies Appropriation Act, 1985 (H.R. 5743), to the extent and in the manner provided for in the conference report and joint explanatory statement of the Committee of Conference (House Report Number 98-1071), filed in the House of Representatives on September 25, 1984, as if such Act had been enacted into law. The following table reflects the budget requests and funding levels for programs normally included in H.R. 5743 (see p. 283, this volume, for Sec. 101(a) of Public law 98-473 and pp. 73-100 for text of H.R. 5743).]

[1] Includes $8,698,269,000 for the Commodity Credit Corporation submitted in the President's budget (H. Doc. 98-138) as "permanent Federal funds" (see footnote 2 below).

[2] Excludes $8,698,269,000 for the Commodity Credit Corporation submitted in the President's budget (H. Doc. 98-138) as "permanent Federal funds" but reflected in this table as a "current definite" appropriation of $8,350,000,000 provided in H.R. 5743 (see pp. 83 and 1866, this volume).

[3] Section 401 of the Congressional Budget and Impoundment Control Act of 1974 (Public Law 93-344) requires that all borrowing and contracting authority (so called "backdoor authority") enacted after March 3, 1975 be subject to subsequent appropriation action with certain exceptions which are listed under Sec. 401(d) of the Act (see p. 1956 in the 1974-1975 volume for text of Sec. 401(d)). This amount represents budget authority which falls within those exceptions.

[4] Budget estimates *exclude* $36,786,000 for fiscal year 1985 to liquidate "indefinite" budget authority requested in fiscal year 1984 for the Supplemental Security Program in the Department of Health and Human Services (see footnote 5 on p. 1905, this volume).

[5] Excludes $429,786,000 appropriated in fiscal year 1985 to liquidate "indefinite" budget authority provided in fiscal year 1984 for certain programs in the Department of Health and Human Services (see footnote 5 on p. 1905 this volume, for accounts involved).

[6] Submitted in the President's fiscal year 1986 budget (H. Doc. 99-18, p. I-K1) as a request for Acquired Immune Deficiency Syndrome Program (AIDS).

[7] Reflects actual rescission rather than comparison with request.

[8] Subject to revision as better data becomes available.
